**ORDER NO. 8  
ESTABLISHING DEADLINES**

This Order addresses Commission Staff's September 16, 2016 response to Order No. 7, which required Staff to file a supplemental recommendation or propose additional procedural schedule. Commission Staff stated that Twin Lakes Water Supply filed a status update on August 16, 2016, and indicated it is still awaiting TCEQ well exception approval. Therefore, Commission Staff recommends that Twin Lakes be required to submit a status update, documentation that the well issue is resolved or request additional time by October 14, 2016. Additionally, Commission Staff proposed to file a supplemental final recommendation by November 1, 2016. Commission Staff stated that if the schedule has become too protracted, it would not oppose dismissal.

Consistent with Commission Staff's recommendation, on or before **October 14, 2016**, Twin Lakes shall file a status update, documentation that the well issue is resolved or request additional time to provide the necessary documentation. On or before **November 1, 2016**, Commission Staff shall file a final recommendation on this application.

Signed at Austin, Texas the 28<sup>th</sup> day of September 2016.
