Re: DOCKET NO. 44992

Dear Ms. Switzer:

I am sending you this letter in response to the requirement for the Riverbend Water Resources District ("RWRD") to provide notice to all required entities, including neighboring systems and cities, and current customers of the current CCN holder TexAmericas Center ("TAC"). Notice has been sent to all required persons and entities and the Affidavit of Notice is attached here with a list of those who were provided notice.

In the original filing of the application, RWRD incorrectly listed the number of connections for all past and present customers in the TAC system. Although notice was provided to ALL past and current customers of TAC as of September 9, 2015, the current number of customers receiving water and wastewater systems as of September 9, 2015 is as follows:

28 water 29 wastewater

If you have any further questions or comments, please do not hesitate to contact me on my cell at (303) 888-7353.

Sincerely,

A handwritten signature in black ink, appearing to be "Elizabeth A. Fazio", is located below the word "Sincerely,".

	↕			The correct number of current TAC Customers should be 40 WATER and 38 WASTEWATER.								
	◆			These were the numbers listed previously in the application and they were inadvertently transposed. The numbers are reflective of the number of connections NOT customers and should correctly read: 77 WATER connections and 66 WASTEWATER connections.								
	*			Denotes a change in connections								
	1			Denotes an unknown number of connections								
	***			In an abundance of caution and prior to reconciling the current customer list with the number of connections reported to the PUC, notice was sent to ALL of the entities listed above.
