RE: Project No. 45129, Application of Luminant Generation Company, LLC for Amendment to its Power Generation Company Registration

RECOMMENDATION

On September 8, 2015, Luminant Generation Company, LLC filed a registration request to amend its power generation company registration pursuant to 16 Tex. Admin. Code §25.109 (TAC). Luminant Generation Company, LLC indicated that an amendment is necessary to remove Valley NG Power Company LLC (Valley NG) as a wholesale affiliate, because Valley NG no longer sells electricity at wholesale. Valley NG voluntarily relinquished its power generation company registration on July 23, 2015. Luminant Generation Company, LLC's registration number is 20202.

After a review of the Luminant Generation Company, LLC amendment request, I have concluded that the applicant has satisfactorily completed the post registration requirements under 16 Tex. Admin. Code §25.109 (h) by reporting a material change in the information regarding its generating facilities on the commission-prescribed form. An oath or affirmation signed by an owner, partner, or officer of the registering party was included with the application pursuant to 16 Tex. Admin. Code §25.109 (f).

Therefore, I recommend that Luminant Generation Company LLC's amendment request be granted and commission records be revised to reflect the amendment.
