ESTABLISHING DEADLINES AND OPPORTUNITY TO CURE**

I. Application

On September 21, 2015, the City of Austin (Austin) filed with the Public Utility Commission of Texas (Commission) an application to amend its sewer certificate of convenience (CCN) No. 20636 to remove a portion of area and add same to Aqua Water Supply Corporation's d/b/a Aqua WSC's sewer CCN No. 20962 in Travis County.

II. Staff Recommendation on Administrative Completeness of the Application

On October 21, 2015, Commission Staff recommended that the application is not administratively complete because it contains material deficiencies, as specifically described in the pleading and attached memorandum of Elisabeth English and Tracy Montes of the Commission's Water Utility Regulation Division. Pursuant to 16 Tex. Admin. Code § 24.8(a), applications are not considered filed until a determination of administrative completeness is made; thus, at this time the application is not considered filed with the Commission. Austin should not publish notice of the application until these discrepancies are corrected and approved by Commission Staff.

III. Proposed Procedural Schedule

Commission Staff proposes that Applicant be required to supplement the application and address the identified deficiencies. Commission Staff proposes to file additional comments

regarding completeness of the supplemented application and to propose a procedural schedule once the application is administratively complete.

IV. Finding Application Incomplete and Deficient, Providing Opportunity to Cure

Consistent with Commission Staff's recommendation, Austin's application is found administratively incomplete and deficient. On or before **November 20, 2015**, Austin shall amend its application to cure the deficiencies noted by Commission Staff. Processing of the application cannot proceed until the requested items are received and reviewed.

On or before **December 15, 2015**, Commission Staff shall file a supplemental recommendation regarding administrative completeness of the amended application and notice along with a proposed procedural schedule, if appropriate.
