COMMISSION STAFF'S RECOMMENDATION ON SUFFICIENCY

COMES NOW the Staff of the Public Utility Commission of Texas (Staff), representing the public interest, and files this Recommendation on Sufficiency. In Support thereof, Staff shows the following:

I. BACKGROUND

On September 30, 2015, the City of Edinburg (Edinburg) and North Alamo Water Supply Corporation (North Alamo WSC) (collectively, Applicants) filed with the Public Utility Commission of Texas (Commission) a joint application (Application) to amend Edinburg's water certificate of convenience (CCN) No. 12106 and to decertify a portion of North Alamo WSC's water CCN No. 10553 in Hidalgo County. The amendment will enable Edinburg to include approximately 40 acres of land and zero current customers.

Order No. 4 instructed Staff to file a supplemental recommendation by February 10, 2016.

II. RECOMMENDATION

As detailed in the attached memorandum (Attachment A) of Sean Scaff and Kristy Nguyen of the Water Utilities Division, Staff recommends that the Application be deemed insufficient for filing and that the Applicants be allowed time to cure the noted deficiencies. Staff specifically provides information on how the Applicants may cure mapping deficiencies.

III. PROPOSED PROCEDURAL SCHEDULE

Staff proposes that the Applicants be allowed until March 10, 2016 to cure the deficiencies detailed in Attachment A, and that Staff be allowed until April 12, 2016 to make a supplemental recommendation.

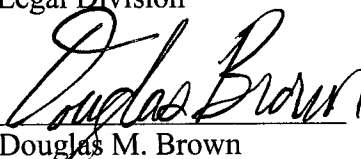

IV. CONCLUSION

Staff respectfully requests the entry of an order consistent with the above recommendations.

Respectfully Submitted,

Margaret Uhlig Pemberton
Division Director
Legal Division

Stephen Mack
Managing Attorney
Legal Division

RE: **Docket No. 45208:** *Application of the City of Edinburg to Amend Its Certificate of Convenience and Necessity (CCN) No. 12106 and to Decertify a Portion of North Alamo WSC's water CCN No. 10553 in Hidalgo County, Texas*

On September 30, 2015 the City of Edinburg (City), and North Alamo Water Supply Corporation (North Alamo WSC) (collectively, Applicants) filed a joint application to amend Edinburg's water CCN No. 12106 and to decertify a portion of North Alamo WSC's water CCN No. 10553 in Hidalgo County. The application is being reviewed pursuant to Texas Water Code (TWC) §§ 13.242-250 and §§ 13.255, and 16 Tex. Admin. Code (TAC) §§ 24.101-24.107 in particular §§ 24.103(c), 105(d) (TAC). Order No.

Staff has reviewed the above referenced application and found that it is deficient in the required application and mapping information; therefore, Staff recommends that the application be found administratively incomplete. Further, Staff recommends the Applicant address the mapping deficiencies:

1. Submit a small scale (general location) map only showing the location of the proposed service area in the vicinity of the nearest town, city, or county. Clearly mark and label the proposed service area in reference to the current corporate boundaries of Edinburg, verifiable man-made and natural landmarks such as roads, railroads or rivers.
2. Submit a large scale map showing the proposed service area with enough detail to accurately locate the service area subject to be transferred in the vicinity of nearby roads, streets, and rivers. Clearly mark and label the proposed service area in reference to the current corporate boundaries of Edinburg, verifiable man-made and natural landmarks such as roads, railroads or rivers.
3. Revised digital data only including the proposed service area in a shapefile (SHP) format on a data disk (CD).
