ORDER NO. 3
GRANTING EXTENSION AND REVISING PROCEDURAL SCHEDULE

On December 8, 2015, North Alamo Water Supply Corporation (North Alamo WSC), co-applicant with City of Edinburg (Edinburg) in this proceeding, filed a response and request to extend the deadlines established in Order No. 2. Specifically, North Alamo stated that it is awaiting receipt of the United States Department of Agriculture-Rural Development's (USDA-RD's) consent to the buyout transaction from the USDA and although the USDA application for required consent was made to the USDA-RD, USDA-RD indicated that such consent could take up to 30 days to be received by North Alamo. Following receipt of that consent, North Alamo will file such with the Commission. Due to that process, Commission Staff will be unable to provide a recommendation regarding administrative completeness of this joint application.

For the preceding reasons, North Alamo's request for extension is granted.

On or before **January 8, 2016**, North Alamo and City of Edinburg shall amend the joint application to cure deficiencies identified by Commission Staff and file the USDA-RD's consent for review.

On or before **February 8, 2016**, Commission Staff shall file its recommendation regarding administrative completeness of the application, as amended and provide a proposed procedural schedule for further processing, if appropriate.

SIGNED AT AUSTIN, TEXAS the 16th day of December 2015.

PUBLIC UTILITY COMMISSION OF TEXAS
