FINDING APPLICATION DEFICIENT;
ESTABLISHING DEADLINES**

I. Application

On October 16, 2015, House Hahl Commercial Owners (House Hahl) filed with the Public Utility Commission of Texas (Commission) an application for exempt utility registration pursuant to Texas Water Code § 13.242(c) and 16 Tex. Admin. Code § 24.103(d).

II. Staff Recommendation on Sufficiency of Application

On November 23, 2015, Commission Staff filed a recommendation on administrative completeness of the application. Commission Staff has determined that the application is deficient due to the map not being an adequate large scale map and uncertainty as to which set of metes and bounds to use of the two submitted. Commission Staff recommended that the application be deemed administratively incomplete and that House Hahl be allowed until December 18, 2015, to correct the deficiencies in the application. Commission Staff proposed to file a supplemental recommendation on administrative completeness on January 20, 2016.

III. Proposed Procedural Schedule

Consistent with Commission Staff's recommendation, the application is deficient and not administratively complete. On or before **December 18, 2015**, House Hahl shall amend its application to cure the deficiencies identified in Commission Staff's recommendation. Commission Staff shall file a supplemental recommendation regarding administrative completeness of the amended application along with a proposed procedural schedule, if appropriate, on **January 20, 2016**.
