(C) When the customer cancels an order for the discontinuance of service, no charges apply for the cancellation. {1}

(D) Any decrease in the number of the following Access Services or Arrangements ordered will be treated as a partial cancellation and the charges described in 5.3.3 (Access Order Cancellation Charges) will apply.

- CCS/SS7 STP port terminations
- Dark Fiber Facility Arrangement strands
- LIDB OPCs
- MegaLink Custom Service channels
- MicroLink II Service access terminations

- Special Access channels
- STN access nodes, DTL volume option or additional DTLs
- Switched Access Service lines, trunks, DNAL channels, Switched Transport channels or Directory Transport channels

(E) Provisions in this Section 5.3.3(E) apply to the service(s) listed below:

Cancellation charges for services are applied based upon the tiered fee schedule outlined below.

When a customer cancels an Access Order for a service, cancellation charges will apply, even when nonrecurring installation charges would otherwise be waived, as follows:

When an order for a service is cancelled, applicable charges will be calculated based on the number of calendar days between SWBT's receipt of the Access Order and the cancellation date. A cancellation charge will apply on a per port connection basis as shown in the table below:

USOC	Cancellation Date - Calendar Days After Receipt of Order	Cancellation Charge (Per Port Connection)
