**RE: Application to Obtain or Amend a Water or Sewer Certificate of Convenience and Necessity (CCN).**

Enclosed you will find one original and 7 copies of the revised maps for the Edom CCN, the map of the revised proposed service area, as well as 7 DVDs containing the digital data requested.

The applicant does not consent to the final map, and the proposed service area is being changed because the original acquisition area included property parcels which were unwanted by Edom WSC.

If you have any questions or would like any additional information, please give me a call at 903-675-3903.

Cordially Yours,

**Velvin & Weeks Consulting Engineers, Inc.**
