**ORDER NO. 8
LIFTING ABATEMENT;
ADDRESSING DEFICIENCIES AND REQUIRING ADDITIONAL NOTICE**

This Order addresses Commission Staff's recommendation on proof of notice and the agreed request to lift the abatement.

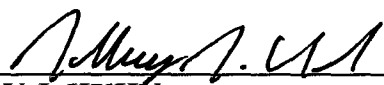

Commission Staff has identified additional notice deficiencies to the November 10, 2016, affidavits of notice filed by Gregory. Commission Staff recommended Gregory be directed to publish newspaper notice of the application for two consecutive weeks in a newspaper of general circulation in San Patricio County as required by 16 Texas Administrative Code § 24.106(c) and file a new affidavit attesting to published notice along with a copy of the notice published. Commission Staff also recommended that Gregory be directed to file an affidavit attesting to the completion of mailed notice and confirm that the entities listed in Gregory's filing contains all landowners that Gregory identified as owning a tract of land with a size of at least 25 acres wholly or partially located within the proposed CCN area.

The abatement is lifted. No later than January 16, 2017, consistent with Staff's recommendation, Gregory shall publish newspaper notice and file an affidavit attesting to publication of notice along with a copy of the notice published and an affidavit attesting to the completion of mailed notice to landowners. On or before January 30, 2017, Commission Staff shall file comments on Gregory's filing:
