Re: Docket No. 45489 Application to Obtain CCN in
City of Gregory, San Patricio County, Texas

Attached is an email that we would like to file that objects to the motion of dismissal of the above Gregory CCN Applications. Also Below are items attached as per email from Kennedy Meir on March 23, 2017. Please find email enclosed.

1. Please revise the maps for the city's CCN to reflect the landowner opt-outs that have been received and file the revised maps. Please find attached along with the digital files of the maps.
2. Please also file information supporting the need for service for the requested area that is outside the city limits. There is a need for service for the requested areas outside the City of Gregory's City Limits since the City is the closest and most feasible source of service.

This a motion to dismiss filed by Commission Staff. I am in Commission Advising and Docket Management. You will need to file an objection to the motion to dismiss. If you are being asked to file certain documentation, you should file what is needed. We do not accept an e-mail as a filing. Therefore you need to submit the correct number of paper copies, which I believe is an original and 7 to Central Records.

Ms. Hernandez

The City received a fax from the PUC today and late last week. Please see email below concerning the dismissal of the Gregory. We would like to protest this dismissal and like to know the proper procedures. We have sent the map with the opt outs last week and it should be already received and getting filed. Please contact me at (361).883-1984 or my cell (361) 960-1166 if you have questions.

Kennedy,

I have went ahead and sent the revised map showing the opt outs last week so it should be filed sometime this week. I received the above filing stating dismissal that was sent to the City. It states that there was a lot of deficiencies throughout the process but I feel that some of the comments were unclear of exactly what was being requested and the timeline. Please let me know what we can do to clarify and move forward with the application.

Thank You,

Hector Castaneda, Jr., EIT

Subject: 45489: City of Gregory CCN

Hi Hector,

As we just discussed on the phone, please revise the maps for the city's CCN to reflect the landowner opt-outs that have been received and file the revised maps.

Please also file information supporting the need for service for the requested area that is outside the city limits.

As always, please feel free to call or email if you have any questions.

Best,

-Kennedy
