Re: Release of Water CCN #12756 to be served by Harris County Municipal
Utility District No. 480

Dear Ms Fuentes:

Please find enclosed four copies of a request to decertify a 17.56-acre tract from the referenced CCN, to be served by my client, Harris County Municipal Utility District No. 480. This application was returned earlier because certain documentation requested was not provided. I have been asked to renew the application and to supply the missing survey and legal description of the area to be decertified. Please let me know if I need to send anything else or if you have any questions. Thanks very much.

Sincerely,

Timothy Austin
