SOAH ORDER NO. 7
REQUIRING STATUS REPORT

On April 13, 2017, the Administrative Law Judge (ALJ) issued Order No. 6 requiring the Harris County Municipal Utility District (District) to file a status report by May 1, 2017, informing the ALJ and the parties of the status of the District's efforts to secure certain information from HOE Water Supply Corporation (HOE WSC). The District was also to include the results of any discussions among the parties with respect to possibility of scheduling a prehearing conference to discuss instituting a procedural schedule. No such status report was filed by May 1, 2017.

The parties, and particularly the District, are **ORDERED** to file a status report by May 19, 2017, providing information regarding the status of this case, including whether the docket can proceed to decision expeditiously or whether the docket should be dismissed for want of prosecution. The ALJ would note that the State Office of Administrative Hearings (SOAH) was faxed the District's Status Report dated March 15, 2017. However, a review of the Public Utility Commission (Commission) Interchange does not show the document was filed. The parties are reminded that all documents in the case must be filed with the Commission's Filing Clerk.

SIGNED May 9, 2017.
