RE: Request for Approval to Change Billing Method

Lone Oak
1201 Hidden Valley Dr
Registration No. S7101

Dear Ms. Tammy Benter:

Our company serves as the utility billing provider for the above-referenced property ("Lone Oak"), upon whose behalf and authorization we send this letter. The purpose of this correspondence is to formally request that the Public Utility Commission of Texas ("PUC") approve this property to transition from submetered to allocated billing.

We understand that Texas Water Code § 13.502 permits owners to switch from submetered to allocated billing upon a showing of good cause and approval by the utility commission. For the following reasons, we believe that Lone Oak meets the good cause requirements outlined in the Code, and we respectfully ask that the PUC approve this request.

Over the past several months, the submeter system has started to malfunction requiring that the property incur ongoing repair and replacement costs above and beyond normal wear and tear. The current cost to replace/upgrade the entire system is **\$570.00**. Attached is the proposal for repair. Although the current cost to repair the system is low, the recovery of captured water through these submeters has been consistently low, as opposed the historical meter reads. We anticipate the continual cost to repair will steadily increase. The attached graph shows that the total recovered usage through the submeters have been under 75% for the past 3 months, whereas the recovered usage has historically been greater than 85%. This is indicative of a system wide failure, however the actual issues have not been immediately apparent in the meter tests. At this time, Lone Oak respectfully requests their change to allocation be allowed.

Should you require any additional information in making your determination, please do not hesitate to contact me directly.

Very truly yours,

Sabrina Patterson
