PUBLIC UTILITY COMMISSION
FILING CLERK

6/24/2016

On behalf of Cedar Creek Water Supply CCN/regnum# 12677, & Big Creek West Water Supply CCN/regnum# 12660, both; Class C systems, Investor owned/ Operated by Paul B. Hill at 141 L County Rd. 908 Jewett, TX 75846 - 5647-- I am requesting an extension for filing the Class "C" Water Company PUC Annual Report for year 2015. I recently took over the bookkeeping for the systems, and became aware of the procedures after the deadline.

In addition I will also be submitting a good cause exception request to allow a rate adjustment outside of the staggered due dates based on the last two digits of the CCN for both systems- Systems are classified as "C" but will be filed under Class B Rate/Tariff Change Application, due to exceeding 1.57% increase. Both systems have not increased rates since 2006/2007.

Sincerely,

Megan R. Hill
