Public Utility Commision members,

I would like to strongly oppose the proposed rate increase by Monarch Utilities I,LP,CCN #'s 12983 & 20899

My reasons are that Monarch Utilities is charging consumers double that of surrrounding communities serviced by other utilities such as **East Cedar Creek FWSD**, and Monarch's delivered product is not within all EPA limits, especially with reference to the TTHM values.

NEW WATER & SEWER RATES EFFECTIVE APRIL 1, 2016:

East Cedar Creek FWSD

WATER / 1000 gal.	\$4.00	Monarch's (as of 2015)	\$6.00
WATER: Residential			
Base Charge 5/8-inch	\$18.26	Monarch's (as of 2015)	\$39.00

SEWER RATES:

Base Charge 5/8-inch	\$25.44	Monarch's (as of 2015)	\$58.76
----------------------	---------	------------------------	---------

I realize they come before the commision with financials in hand, but I am of the opinion their business plan is flawed and the consumer should not have to burden the decision to provide Cherokee Shores with their water, verses say, East Cedar Creek FWSD. My current water/sewer bill is \$148.00 with a 3,000 gal. useage. Having just arrived from Arlington, Tx. where my highest water bill last year was \$60.00, I am dealing with various things that are 'the way of lake' living, and for my water bill to have doubled would be at least plauseable to swallow, but TRIPLE? We are a captive audiance here in Cherokee Shores, so I would appreciate it if you will speak for the consumer in your deliberations on Monarch's current request for a rate increase.

Respectfully,
Lou Warren
