**I am NOT requesting to intervene in this proceeding. As a PROTESTOR, I understand the following:**

- I am NOT a party to this case;
- My comments are not considered evidence in this case; and
- I have no further obligation to participate in the proceeding.

**Please check one of the following:**

- ☐ I own property with a habitable structure located near one or more of the utility's proposed routes for a transmission line.
- ☐ One or more of the utility's proposed routes would cross my property.
- ☐ Other. Please describe and provide comments. You may attach a separate page, if necessary. I live

in route segment 8. I currently have a 115 KV line running on my property. The addition of this 345 KV line would drastically impact where I plan to build my house. This also a very populated area. Running this line south where less population is would make more sense.

**Signature of person submitting comments:**
