Please check one of the following:

☐ I own property with a habitable structure located near one or more of the utility's proposed routes for a transmission line.

☒ Other. Please describe and provide comments. You may attach a separate page, if necessary.

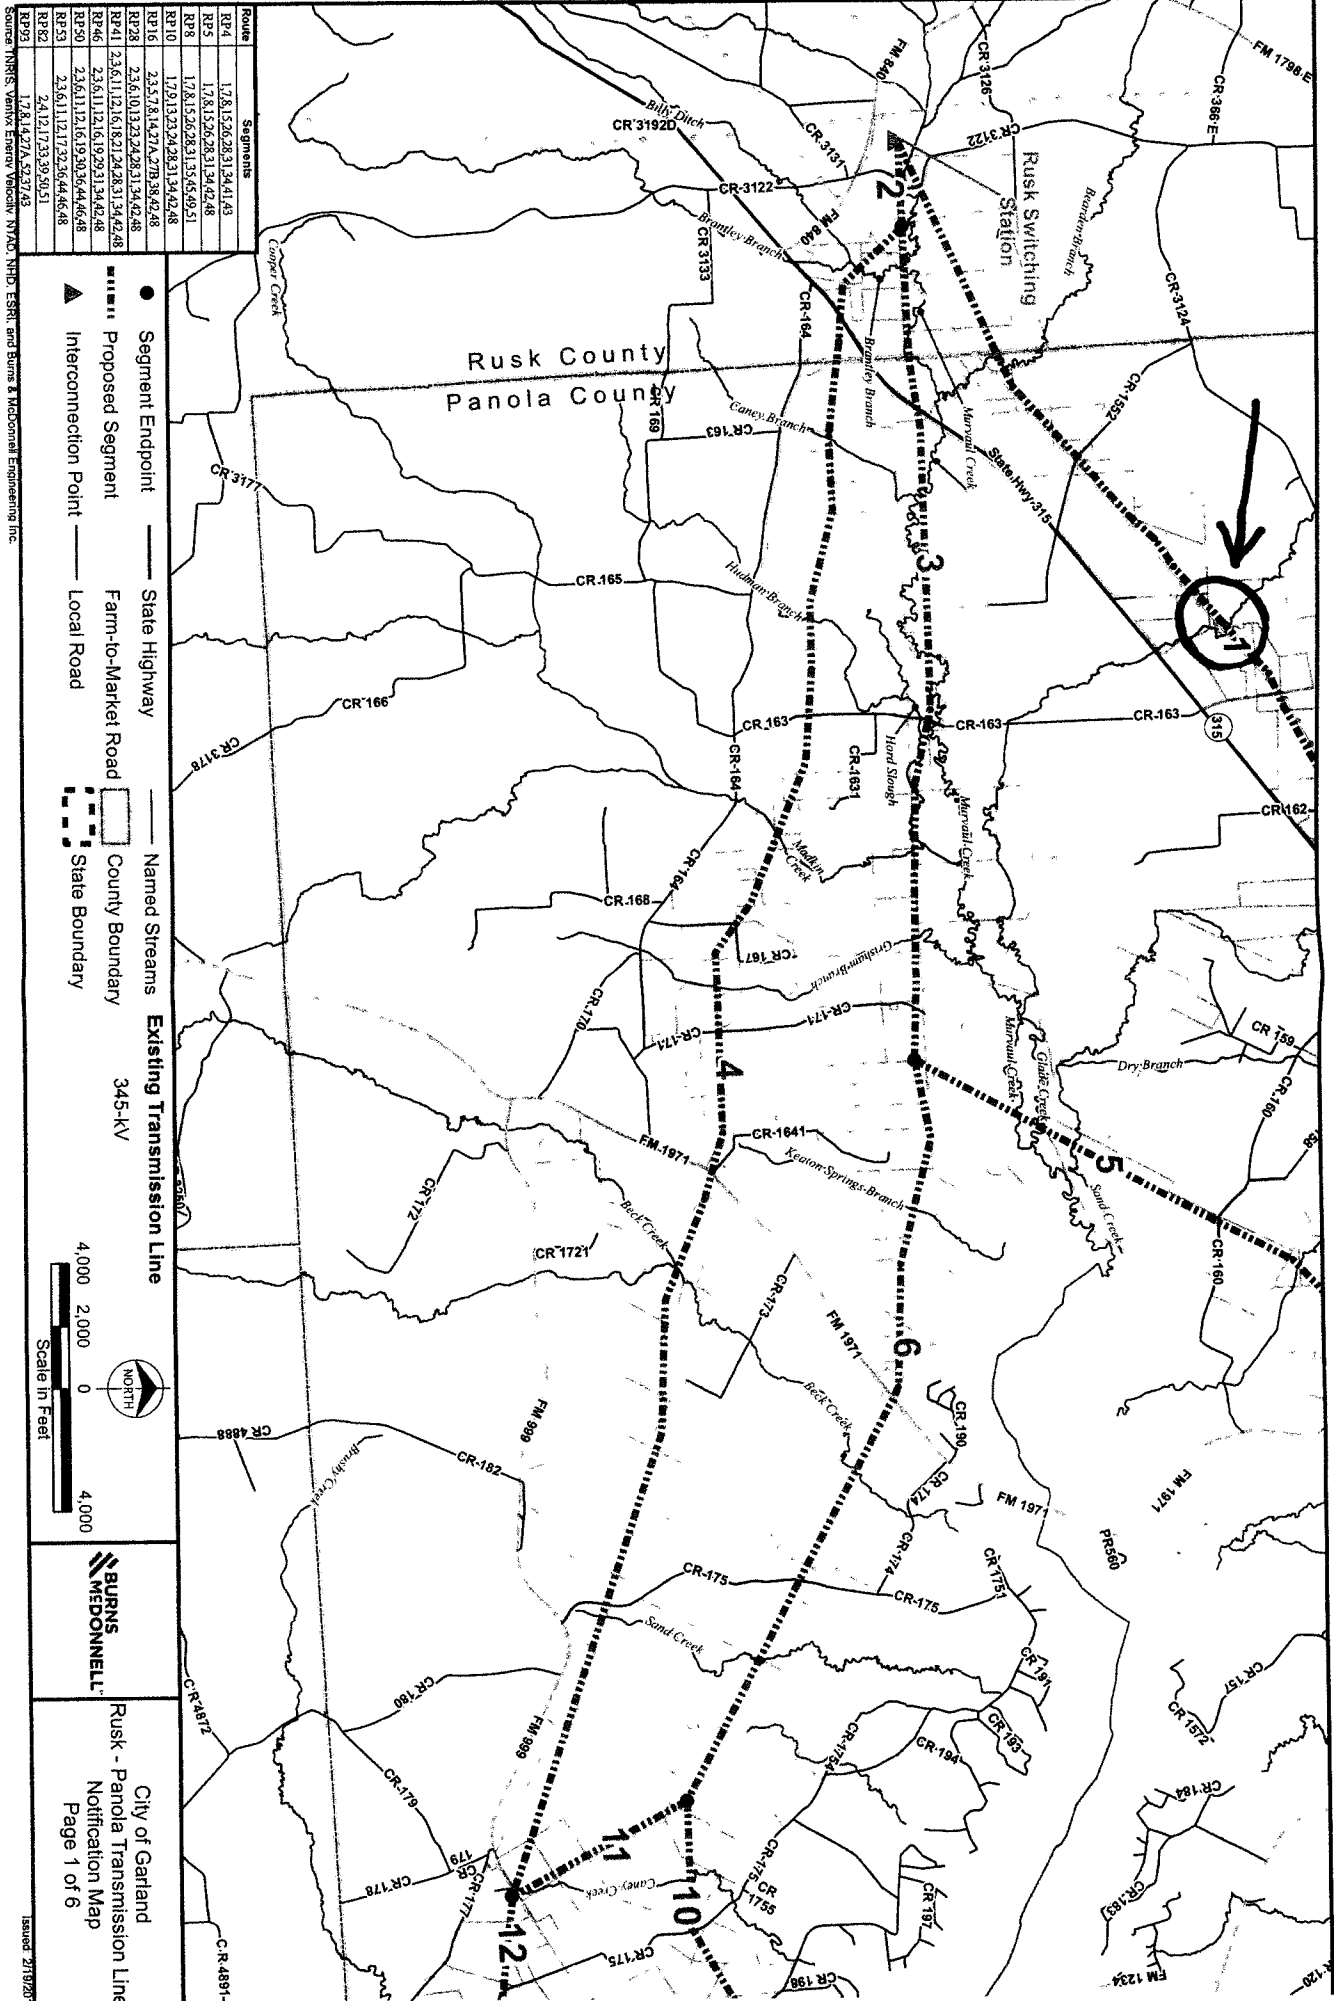

① Proposed line will cause severe erosion crossing Glade Creek along the Oncor transmission line. Trees are sprayed & killed promoting severe erosion. Note Photos 1 & 2 Approx. 55' width of soil removed for a total of 3748 yd³
② Proposed line will cross three gas pipelines — Energy transfer, Azure + Neo Star. Note Photo 3 Erosion has exposed Neo Star pipe line.
③ I believe it is unfair that I should be penalized with a second power line to run parallel with the Oncor line.
