RE: Docket No. 45624; *Application of the City of Garland, Texas, for a Certificate of Convenience and Necessity for the Proposed Rusk to Panola Double-Circuit 345-KV Transmission Line in Rusk and Panola Counties, Texas; Notice and Intervention Deadline*

Dear Mr. Journeay,

Yesterday the City of Garland filed its application in this proceeding. As discussed in the application, this proceeding is subject to a 185-day deadline under PURA § 37.051(c-2) and (i), and Garland has therefore followed the Commission's processes applicable to accelerated CCN proceedings, including filing its direct testimony with the application and providing draft notice to Commission staff for review in advance of the filing.¹ Consistent with the Commission's accelerated CCN procedures and after consultation with staff, the notice mailed out yesterday to affected landowners and others contains a 30-day intervention deadline of March 28, 2016. As a result, Garland respectfully requests that the Presiding Officer establish March 28, 2016 as the intervention deadline in this proceeding.

Very truly yours,

Kerry McGrath
