FILING CLERK

**RIO CONCHO AVIATION, INC.'S
MOTION FOR REHEARING**

COMES NOW, Rio Concho Aviation, Inc. ("Rio Concho") and files this Motion for Rehearing, and in support, Rio Concho would respectfully show the following:

During the Public Utility Commission of Texas ("Commission") consideration of the proposal for decision ("PFD") in this matter, the Commission Staff was asked to recalculate Rio Concho's rates pursuant to the Commission's deliberations on May 4 and May 18, 2017. In reviewing Staff's number runs, Rio Concho has observed that the proposed revenue requirement and rate schedule do not include any expenses or revenues for the Northern Trinity Groundwater Conservation District ("NTGCD") fees,¹ nor does the PFD address those fees. Rio Concho requests that a specific provision be included in the final order and rate tariffs clarifying that Rio Concho may assess a rate pass through for the NTGCD fees as are currently included in Rio Concho's previously approved tariff.²

Rio Concho prays that this Motion for Rehearing be granted for the reasons stated above.

¹ See Commission Staff Memorandum regarding Commission Number Runs-Based on May 4, 2017 Open Meeting Discussion filed May 12, 2017 (Item 170), page 5 (reduction in utility other revenues of \$676 related to NTGCD fee income and revenue requirement includes no expenses related to NTGCD fees).

² Docket No. 43728, Final Order dated December 18, 2018, page 8.
