Enclosure: Original + 10 Copies Ratepayer Protest

Dear Sir/Madam:

I have a Hangar at 441 Aviator Drive, Hicks Airfield, Fort Worth, Texas and every year the water rates keep going up. I only use 200 gals per month and I would certainly like to have an option to pay for less water than the current 2000 Gals minimum.

My current bill is around \$34.00 per month for 2000 gals but yet I never use more than 200 gals. If there was a billing option to charge less but limit to 500 gals that would be very satisfactory. With the present billing system raising the rates even further for the small amount of water used is just not satisfactory.

Thank you for your consideration.

Sincerely,

Larry W. Terhune
