PUBLIC UTILITY COMMISSION  
FILING CLERK

The Public Utility Commission of Texas an application from a Class C utility on March 16, 2016, for adjustment of rates pursuant to Texas Water Code § 13.1872.

Docket Style and Number: Application of QV Utility for a Price Index Rate Adjustment, Docket Number 45732.

The Application: QV Utility (QV) requested an adjustment to its water base rate and the monthly gallonage rate based on the Commission’s current price index, effective April 1, 2016. QV meets the definition of a Class C utility because it provides retail water or sewer utility service through fewer than 500 taps or connections. As a Class C utility QV is allowed to receive, without a hearing, an annual rate adjustment based on changes in the “price index.” The Commission established a price index difference of 1.57% for calendar year 2016 to be used in rate adjustment applications filed under Texas Water Code § 13.1872.

Information on the application may be obtained by contacting the Public Utility Commission of Texas by mail at P.O. Box 13326, Austin, Texas 78711-3326, or by phone at (512) 936-7120 or toll free at (888) 782-8477. Hearing and speech-impaired individuals with text telephone (TTY) may contact the commission through Relay Texas by dialing 7-1-1. All inquiries should reference Docket Number 45732.
