RE: Application of LCRA Transmission Services Corporation to Amend a Certificate of Convenience and Necessity for the Round Rock-Leander 138-kV Transmission Line in Williamson County

Dear Commissioners:

My name is Marcia Barbosa. My husband and I live in Habitable Structure No. 91, along Segment D1, which is part of Route LHO-1.

We strongly oppose Route LHO-1, because our property lies a mere 56 feet from the centerline of Route LHO-1's right-of way. It is directly out our back door, and we are greatly concerned about the impact it will have on us. We already had to forfeit a good portion of our property for the expansion of Ronald Reagan Boulevard. It does not seem fair or reasonable to put us through the same process again simply to accommodate other landowners who merely have an aversion to looking at line that does not even touch their property. Please take our concerns into consideration.

Sincerely,

Marcia Barbosa

Marcia Barbosa

Tony Barbosa
