I am requesting to intervene in this proceeding. As an INTERVENOR, I understand the following:

- I am a party to the case;
- I am required to respond to all discovery requests from other parties in the case;
- If I file testimony, I may be cross-examined in the hearing;
- If I file any documents in the case, I will have to provide a copy of that document to every other party in the case; and
- I acknowledge that I am bound by the Procedural Rules of the Public Utility Commission of Texas (PUC) and the State Office of Administrative Hearings (SOAH).

Please check one of the following:

☒ I own property with a habitable structure located near one or more of the utility's proposed routes for a transmission line.

☐ One or more of the utility's proposed routes would cross my property.

☒ Other. Please describe and provide comments. You may attach a separate page, if necessary. I live in Vista Oaks. With the recommended route, 31 virtually everywhere my family interacts we will be next to high power lines/substation with the effects of EMF's. Our neighborhood community park/playground area with our children. My children's schools Parkside Elem, Middle, and our area park (WILCO). Where my daughter plays Lone Star and my son T3 and tennis. We also ride our bikes on trails from our home to the park. This is not acceptable. I was here when Vista Oaks was first built in 1992 in my parents home. My husband and I moved 4 houses down from Grandma now. This is our home and community.
