☒ I own property with a habitable structure located near one or more of the utility's proposed routes for a transmission line.

☐ One or more of the utility's proposed routes would cross my property.

☐ Other. Please describe and provide comments. You may attach a separate page, if necessary. _____

1) There are better routes & alternatives without impacting densely inhabited residential sub-divisions, Parks

& schools with our children. 2) a sub-station in or near heavily used & dependent WILCO park is a big NO

3) This route is going to ruin quality of life and property values for thousands of people, put these substations &

route power lines through uninhabited or less dense alternatives. 4) List goes on, route we are opposing is just a bad proposal
