Request to Intervene in PUC Docket No. 45866

RECEIVED

The following information must be submitted by the person requesting to intervene in this proceeding. This completed form will be provided to all parties in this docket. **If you do not want to be an intervenor, but still want to file comments, please complete the "Comments" page.**

PUBLIC UTILITY COMMISSION
FILING CLERK

Mail this completed form and 10 copies to:

Public Utility Commission of Texas
Central Records
Attn: Filing Clerk
1701 N. Congress Ave.
P.O. Box 13326
Austin, TX 78711-3326

First Name: Suresh Last Name: Adusumilli

Phone Number: _____ Fax Number: _____

Address, City, State: 4204 Trinity Woods ST, Leander, TX - 78641

I am requesting to intervene in this proceeding. As an INTERVENOR, I understand the following:

- I am a party to the case;
- I am required to respond to all discovery requests from other parties in the case;
- If I file testimony, I may be cross-examined in the hearing;
- If I file any documents in the case, I will have to provide a copy of that document to every other party in the case; and
- I acknowledge that I am bound by the Procedural Rules of the Public Utility Commission of Texas (PUC) and the State Office of Administrative Hearings (SOAH).

Please check one of the following:

- I own property with a habitable structure located near one or more of the utility's proposed routes for a transmission line.
- One or more of the utility's proposed routes would cross my property.
- Other. Please describe and provide comments. You may attach a separate page, if necessary. _____

Proposed power lines on CR175 are close to Wilco park, Stiles Middle & new LISD elementary school(will be built on CR 179). We strongly oppose routes 1 to 5, 7 to 12,

18 to 22 & 25 - 31 as they all pass through CR-175. Our children play in the Wilco every week & also several hundred kids visit Wilco park every week end for

soccer practice and other games. Our children walk to the middle school on Journey Pkwy and have to walk under these proposed transmission lines every day.

We have also experienced couple of home fires due to lighting in the past 6 months and the risk increases with these high voltage electric lines.

Signature of person requesting intervention:

Date: 06/09/2016

Effective: January 1, 2003
