### REQUESTS FOR DISCLOSURE

**Request 194.2(a):** The correct names of the parties to this proceeding;

**Response:** Complainants believe that the parties have been identified properly as listed in Order No. 3.

**Request 194.2(b):** The name, address, and telephone number of any potential parties;

**Response:** Complainants believe that all potential parties have been named and admitted as parties.

**Request 194.2(c):** The legal theories and, in general, the factual bases of the responding party's claims or defenses (the responding party need not marshal all evidence that may be offered at trial);

**Response:** The City of Frisco, Texas, holds water certificate of convenience and necessity ("CCN") No. 11772 and sewer CCN No. 20591 which covers certain property owned by Complainants. As the holder of the CCNs, Frisco has a statutory duty to provide continuous and adequate service to its CCN areas. Pursuant to PUC rules, Frisco has a duty to provide continuous and adequate service to every qualified service applicant within its CCN areas. Complainants are qualified service applicants. Complainants have submitted completed applications for water and sewer service to Frisco. Frisco has denied such service by refusing to allow Complainants to use existing infrastructure belonging to Frisco which has the capacity to serve Complainants. Frisco has refused to provide service within the time required by PUC Rule 24.85. Alternatively, Frisco has denied service because Frisco has not identified the construction required and the expected date of service. The construction Frisco is currently stating is required constitutes an effective denial of service. Frisco has also denied service by refusing to allow Complainants to obtain any water for construction from Frisco. The factual bases will be pre-filed and submitted in this matter pursuant to Order No. 3 or any succeeding applicable order.

Discovery is ongoing and Complainants reserve the right to amend and supplement these responses, including the factual bases and legal theories stated herein.
