FILING CLERK

**ORDER NO. 9
FINDING APPLICATION INCOMPLETE AND DEFICIENT,
ESTABLISHING DEADLINES AND OPPORTUNITY TO CURE**

This Order addresses Commission Staff's recommendation that Old Tamina Water Supply Corporation's application remains deficient. Commission Staff stated Old Tamina WSC has not provided the necessary digital mapping needed to remove the overlaps with existing service areas.

Consistent with Commission Staff's recommendation Old Tamina WSC's application is found administratively incomplete and deficient. Consistent with 16 Texas Administrative Code § 24.8(d), applications are not considered filed until a determination of administrative completeness is made; thus, at this time the application is not considered filed with the Commission. Processing of the application cannot proceed until the requested items are received and reviewed.

On or before July 14, 2017, Old Tamina WSC shall provide the required revised mapping as specifically described in the pleading and the attached memorandum of Debbie Reyes Tamayo of the Commission's Water Utility Regulation Division.

Commission Staff shall file additional comments regarding administrative completeness, within 30 days of Old Tamina WSC's supplemental filing, along with a proposed procedural schedule if appropriate.

Signed at Austin, Texas the 20th day of June 2017.
