**ORDER NO. 2
DEEMING PETITION ADMINISTRATIVELY COMPLETE
AND ESTABLISHING PROCEDURAL SCHEDULE**

This Order addresses Commission Staff's comments regarding administrative completeness and processing of the above-styled and numbered docket. On July 11, 2016, Commission Staff stated that notice is not required for this type of proceeding and while the parties may need to develop additional facts, Commission Staff recommended that the petition be declared administratively complete for further processing. Consistent with Commission Staff's recommendation, the petition is deemed administratively complete.

Commission Staff proposed a procedural schedule for continued processing of this petition. Commission Staff proposed, pursuant to TWC § 13.043(g), to evaluate whether the fees requested by Noack Water Supply Corporation (Noack WSC) are consistent with its tariff and are reasonably related to the cost of installing on-site and off-site facilities for provision of service to Mr. Groba. Commission Staff clarified that its analysis of Mr. Groba's complaint under TWC § 13.043(g) is limited to the amount to be paid to obtain service apart from the regular membership or tap fees. Commission Staff stated that its evaluation will not include Mr. Groba's complaint about participating in various programs offered by Noack WSC, which Commission Staff believes are beyond the Commission's jurisdiction under TWC § 13.043(g).

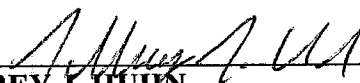

Consistent with Commission Staff's proposal, the following schedule shall apply:

Event	Date
Deadline for Commission Staff to issue its final recommendation on the petition or request a hearing	October 11, 2016
Deadline for parties to respond to Commission Staff's recommendation and/or to request a hearing, or if no hearing is requested, deadline to file a proposed order, including findings of fact, conclusions of law, and ordering paragraphs	October 25, 2016
