**WBRG'S FIRST REQUEST FOR INFORMATION TO  
DOUBLE DIAMOND UTILITY COMPANY, INC.

- WBRG NO. 1-3** Please provide receipts, invoices, and general ledger for all expenses included in "Other Plant Maintenance" as listed on line 9, Schedule I-1 (WHITE BLUFF (Total)) in the amount of \$142,010.
- WBRG NO. 1-4** Please provide receipts, invoices, and general ledger for all expenses included in "Other Plant Maintenance" as listed in Schedule II-10(a) (WHITE BLUFF (Total)) for the years ending 12/31/13 (\$112,667) and 12/31/14 (\$150,640).
- WBRG NO. 1-5** Please provide receipts, invoices, and general ledger for all expenses included in "Miscellaneous Expenses" as listed on line 22, Schedule I-1 (WHITE BLUFF (Total)) in the amount of \$55,865.
- WBRG NO. 1-6** Please provide receipts, invoices, and general ledger for all expenses included in "Miscellaneous Expenses" as listed on Schedule II-19 (WHITE BLUFF (Total)) for the years ending 12/31/13 (\$40,270) and 12/31/14 (\$55,647).
- WBRG NO. 1-7** For all employees listed on Schedule II-6 (WHITE BLUFF (Total)): Please indicate whether the employee is working solely at the White Bluff subdivision or if the employee works at other systems owned by Double Diamond.
- WBRG NO. 1-8** For any employee whose time is split between White Bluff and another system owned by Double Diamond, please provide the basis for allocation of the expenses for that employee between the systems.
- WBRG NO. 1-9** Please provide receipts, invoices, and general ledger for all expenses listed in "Professional Services" as listed on line 18 of Schedule I-1 (WHITE BLUFF (Total)) in the amount of \$3,937.
- WBRG NO. 1-10** Please provide receipts, invoices and general ledger for all expenses listed in "Regulatory Expense" as listed on line 21 of Schedule I-1 (WHITE BLUFF (Total)) in the amount of \$31,525. Please also provide the basis

for the increase in this expense from the previous year in the amount of \$5,529.

- WBRG NO. 1-11** Please provide receipts, invoices, and general ledger for all expenses listed as "Property Taxes paid in the test year" on line 1 of Schedule IV(a) (WHITE BLUFF (Total)) in the amount of \$103,683.
- WBRG NO. 1-12** Please provide the basis of allocation of all expenses listed on Schedule I-1 (WHITE BLUFF (Total)) between the water and the wastewater utility and allocation of expenses between systems (White Bluff, Retreat, and the Cliffs).
- WBRG NO. 1-13** Schedule III-3(a) (WHITE BLUFF (Total)) lists Beginning Gross Plant Balance from previous rate case (line 1) in the amount of \$5,628,749 for the total White Bluff utility plant (water and wastewater). Schedule III-3(a) (CLIFFS (Total)) lists Beginning Gross Plant Balance from previous rate case in the amount of \$5,516,654 for the Cliffs. This results in a total gross plant beginning balance of \$11,145,403 for the two systems. The application does not reference the prior rate case or the date of the plant balances. No date is provided for these amounts, but given that the application shows additions since 12/31/2007, we assume that is the starting date. The application submitted by Double Diamond on October 24, 2008, with a test year ending 12/31/2007 (SOAH Docket No. 582-09-4288), identified total water and wastewater utility assets had an adjusted original cost of \$5,928,259 for the Cliffs, White Bluff, and the Retreat water and wastewater systems – three total systems. (Attachment A - Attachment 5, Page 2 from 2008 Application). Please explain why the Gross Plant balance claimed in the 2016 application as the "Beginning Balance" greatly exceeds the amount claimed in the previous rate case.
- WBRG NO. 1-14** In Schedule III-8(b) (WHITE BLUFF (Total)), the application claims total Developer Contributions in Aid of construction for water and sewer for White Bluff and the Cliffs in the amount of \$19,217. By comparison, the 2008 Application claimed Developer Contributions in Aid of Construction for Water Assets only of \$2,375,102 (Attachment B – Attachment 6 from 2008 Application). Please explain the reason for this variance.
- WBRG NO. 1-15** In the 2008 Application, Double Diamond divided original cost between the developer and the utility at a ration of 80%-developer, 20%-utility for certain items of rate base. Attachment C is an Exhibit from SOAH Docket No. 582-09-4288 showing the rate base items relating to White Bluff water assets. Please explain the basis for the 80%-20% split between developer and utility and provide documentation that corresponding entries were made in the financial records of both the developer and the utility.

- WBRG NO. 1-16** In Schedule III-8(b) (WHITE BLUFF (Total)), the application describes the Developer Contributions in Aid of Construction as "Tap Fees." Please specify whether the Tap Fees were paid by customers.
- WBRG NO. 1-17** Please provide a full listing of all assets claimed by Double Diamond on line 2 of Schedule III-2 (WHITE BLUFF (Total)) in the amount of \$6,245,596.
- WBRG NO. 1-18** Please provide invoices for all assets identified in response to WBRG NO. 1-17.

- WBRG NO. 1-28** Please provide all reports, or studies relating to measures taken or to be taken by Double Diamond to reduce the amount of "Total unaccounted for water" in the amount of 57,821,000 gallons (50%) shown on Schedule II-1(a) (WHITE BLUFF (Total)).
- WBRG NO. 1-29** Please identify all customer accounts on the White Bluff system where the customer is Double Diamond or an affiliate of Double Diamond.
