Subject: *Tariff Control No.46269, Application of Nerro Supply, LLC to Implement a Pass-Through Rate Change*

On August 8, 2016, Nerro Supply, LLC (Nerro), Certificate of Convenience and Necessity (CCN) No. 12252, filed an application pursuant to 16 Tex. Admin. Code § 24.21(h) to implement a pass-through rate increase for the pumpage fee imposed on the utility by the San Jacinto River Authority (SJRA) for mandatory participation in the Groundwater Reduction Plan (GRP). Nerro listed Riverclub River Ridge Subdivision, Public Water System (PWS) No. 1700185, as the water system affected by the pass through adjustment. Nerro states that the pass-through rate increase will become effective on September 1, 2016. SJRA is increasing the Pumpage Fee and Import Fee from \$2.32/1,000 gallons to \$2.50/1,000 gallons. Nerro requested a pass-through rate of \$2.94.

Staff conducted the technical review of this application and prepared a final tariff reflecting the implementation of the change in the provision. Staff reviewed and confirmed Nerro's calculations of the pass through rate adjustment for the SJRA GRP fee as part of our analysis and recommendation. Adequate notice, including correct calculations, was provided by the Applicant to the customers. The notice contained required language pursuant to 16 Tex. Admin. Code § 24.21(h).

Based upon review of the information submitted, Staff finds that the application is sufficient and recommends:

1. Approval of the pass-through change and issuance of an order to the Applicant; and
2. Provision of a copy of an approved tariff to the Applicant (attached).
