NOTICE OF APPROVAL

This Notice of Approval addresses Aqua Texas, Inc.'s (Aqua) notice of intent to provide sewer service to an approximately 42.943-acre tract of land (Property) in an area decertified from sewer certificate of convenience and necessity (CCN) No. 20465 held by Gulf Coast Waste Disposal Authority (GCWDA) in Chambers County.

FINDINGS OF FACT

Procedural History, Description and Background

1. On February 10, 2016, 42.943 acres of property owned by Park Block, Ltd. was decertified from GCWDA's sewer CCN No. 20465 in Docket No. 45431 pursuant to Tex. Water Code § 13.254(a-5) (TWC) and 16 Tex. Admin. Code § 24.113(r)-(s) (TAC).

2. On September 19, 2016, Aqua filed a notice of intent (NOI) to provide retail sewer utility service to the Property.

3. Attached as Exhibit A to the NOI was an Affidavit of Ricky Clifton, General Manager of GCWDA, which attests that GCWDA is the decertified sewer CCN holder for the Property and GCWDA has determined that no property was rendered useless or valueless as a result of the decertification by expedited release approved in Docket No. 45431.

4. On September 23, 2016, Order No. 1 was issued ordering Aqua and GCWDA to file a list of items for admission into evidence and a joint proposed order.

5. Notice of the NOI was published in the Texas Register on October 7, 2016.

6. GCWDA has determined that no property has been rendered useless or valueless as a result of decertification of the Property; therefore, no compensation is owed to GCWDA for same and no appraisal is needed to determine just compensation owed to GCWDA in order for Aqua to provide retail sewer utility service to the released Property described in the NOI.

7. GCWDA has no wastewater treatment or collection facilities to provide sewer service in the immediate area of the Property, and GCWDA has not made plans to install same.

8. No retail public utility held a water CCN for the Property prior to its decertification from GCWDA sewer CCN No. 20465.

Evidentiary Record

9. On October ____, 2016, Order No. 2 was issued, admitting evidence into the record of this proceeding.

II. CONCLUSIONS OF LAW

1. The Commission has jurisdiction over this proceeding pursuant to TWC §§ 13.041 and 13.254.

2. GCWDA is a retail public utility as defined in TWC § 13.002(19).

3. Aqua is a retail public utility as defined in TWC § 13.002(19).

4. The NOI for the Property decertified under TWC § 13.254 and 16 TAC § 24.113 was filed and processed in accordance with the requirements of TWC § 13.254 and 16 TAC § 24.113.

5. Aqua's filed NOI served to notify the Commission of its intent to provide retail sewer utility service to the Property as required by TWC § 13.254 and 16 TAC § 24.113.

6. Aqua's service of the NOI on GCWDA provided GCWDA with adequate notice of Aqua's intent to provide retail sewer utility service to the Property released under TWC § 13.254 and 16 TAC § 24.113.

7. Additional public notice of the NOI was provided by the Commission through a notice of the Application published in the Texas Register.

8. All public notice requirements for the NOI are fulfilled.

9. Aqua's NOI fully complies with the requirements of TWC § 13.254 and 16 TAC § 24.113.

10. GCWDA's determinations that no property was rendered useless or valueless by decertification of the Property and that Aqua owes GCWDA no compensation for same are sufficient as a matter of law for the Commission to find under TWC § 13.254 and 16 TAC § 24.113 that neither compensation to GCWDA nor an appraisal for same is required as a condition for Aqua to provide retail sewer utility service to the released Property.

11. Aqua must meet all other applicable legal requirements necessary to provide retail sewer utility service to the public within the released Property, if any, not specified in TWC § 13.254 or 16 TAC § 24.113.

12. No NOI is required for Aqua to provide retail water utility service within the Property.

13. The requirements in 16 TAC § 22.35 have been met in this proceeding.

III. ORDERING PARAGRAPHS

In accordance with these findings of fact and conclusions of law, the Commission issues the following order:

1. Aqua owes no compensation to GCWDA as a condition to provide retail sewer utility service to the public within the Property under TWC § 13.254 and 16 TAC § 24.113.

2. Aqua may provide retail sewer utility service to the public within the Property as permitted by other applicable legal requirements not specified in TWC § 13.254 or 16 TAC § 24.113.

3. All other motions, requests for entry of specific findings of fact or conclusions of law, and any other requests for general or specific relief, if not expressly granted herein, are hereby denied.
