**ORDER NO. 6
EXTENDING ABATEMENT**

This Order addresses Commission Staff's September 5, 2017, status update and motion to extend abatement. Commission Staff reported that they have been unsuccessful in reaching Orbit Systems Inc. and do not know the status of Orbit's application with the Texas Commission on Environmental Quality. Therefore, Commission Staff recommends that the abatement be continued for another 90 days or until Orbit files a request to lift the abatement.

This docket has been abated since April 6, 2017, and Order No. 5 required Orbit to file a status report by September 5, 2017. Orbit did not respond to Order No. 5. For this reason, the abatement is extended for 30 days only. On or before October 9, 2017, Orbit shall file a status report.

Signed at Austin, Texas the 7th day of September 2017.
