ORDER NO. 2
FINDING APPLICATION INCOMPLETE AND DEFICIENT;
ESTABLISHING DEADLINES AND OPPORTUNITY TO CURE

This Order addresses Commission Staff's January 30, 2017, recommendation that the application of Cross Country Water Supply Corporation to amend its water certificate of convenience and necessity (CCN) No. 11286 to provide water utility service in McLennan and Bosque Counties is deficient and incomplete; for the reasons specified in the pleading and the memorandum of Patricia Garcia and Kristy Nguyen in the Commission's Water Utility Regulation Division. Commission Staff proposes that Cross Country Water be given until March 1, 2017 to address the deficiencies identified by Commission Staff and March 31, 2017 to file a supplemental recommendation on administrative completeness.

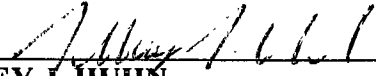

Consistent with Commission Staff's recommendation, the application is deficient and incomplete. Thus, under 16 Texas Administrative Code § 24.8(d), this application is not considered filed with the Commission.

On or before March 1, 2017, Cross Country Water shall amend the application to cure the deficiencies noted by Commission Staff. Processing of the application cannot proceed until the requested items are received and reviewed. On or before March 31, 2017, Commission Staff shall file a supplemental recommendation regarding administrative completeness of the amended application and an updated procedural schedule.
