UNDINE'S RESPONSES TO  
COMMISSION STAFF'S FIRST REQUEST FOR INFORMATION TO  
APPLICANTS  
QUESTION NOS. STAFF 1-1 THROUGH STAFF 1-3

**Staff 1-1** Please provide the exact number of systems to be transferred in this sale, transfer, or merger application.

**Response:** The number of systems to be transferred is thirty-two, comprised of thirty water systems and two sewer systems. There are a total of thirty-four CCN areas to be transferred, comprised of thirty-two water CCN areas and two sewer CCN areas. Two of the thirty-two water CCN areas to be transferred do not have water systems.

Prepared under the supervision of Jeff Goebel.

**Staff 1-2** Please provide the exact number of current customers to be affected by this sale, transfer, or merger application.

**Response:** The exact number of current water and sewer customers as of this filing is 1700.

Prepared under the supervision of Jeff Goebel.

**Staff 1-3** Please provide the exact acreage of the requested area to be transferred in this sale, transfer, or merger application.

**Response:** The acreage to be transferred is 3175. That acreage amount may not be "exact" because in calculating the total acreage for all of the areas, the acreage of individual areas to be transferred were rounded to the nearest acre. The "exact" acreage for the individual areas is contained in the GIS data provided as part of the application.

Prepared under the supervision of Jeff Goebel.
