RE: City of Round Rock Wastewater CCN Amendment – Extension Request

Dear PUC,

This letter is in reference to the application submitted by the City of Round Rock for a wastewater CCN swap with Windermere Utility Company on January 11, 2017. The City of Round received a letter stating deficiencies in the application and a request to correct the deficiencies on or before March 15, 2017.

The City of Round Rock requests an extension on the required resubmittal date to May 1, 2017. The City of Round Rock has been working diligently toward correcting the deficiencies in the application and revising the associated maps. An extension will allow Round Rock to ensure it can provide all of the required information in accordance with PUC's requirements.

Thank you for your consideration in this matter. This amendment has been closely coordinated with Windermere Utility Company and will allow the associated properties the best opportunity for wastewater service.

Please contact Kit Perkins, P.E. at (512) 341-3145 if you have any questions or need any additional information.

Sincerely,

Michael D. Thane, P.E.
Director of Utilities
City of Round Rock
