RE: Tariff Control No. 46761 – Application of J&S Water Company, LLC to Implement a Pass-Through Rate Change

**NOTICE FINDING APPLICATION INSUFFICIENT
REQUIRING REVISED NOTICE AND FILINGS, AND
ESTABLISHING A DEADLINE**

This Notice addresses Commission Staff's February 2, 2017 recommendation that this application be found administratively incomplete and deficient, as specified in the pleading and attached memorandum of Jonathan Ramirez, of the Commission's Water Utility Regulation Division. Commission Staff recommended that J&S be required to file a copy of the monthly breakdown of water pumped and sold or the current year water usage report used in this application, a copy of the first five pages of its currently approved tariff, and provide notice to customers with the present calculations of billings and the language required by Texas Administrative Code § 24.21.

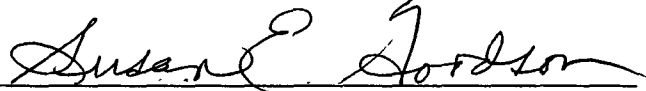

Consistent with Commission Staff's recommendation, J&S's application is administratively incomplete and deficient. On or before March 2, 2017, J&S shall submit the information requested by Commission Staff and proof that revised notice has been provided to the utility's customers. Within 20 days of J&S providing the requested information, Commission Staff shall provide a supplemental recommendation on the sufficiency of the application, including notice, and propose additional deadlines, as appropriate.
