SALE, TRANSFER, OR MERGER OF §
FACILITIES AND CERTIFICATE §
RIGHTS IN JOHNSON AND §
TARRANT COUNTIES §

PUBLIC UTILITY COMMISSION
OF TEXAS

PUBLIC UTILITY COMMISSION
FILING CLERK

UNDINE TEXAS, LLC'S RESPONSE TO
COMMISSION STAFF'S ORDER NO. 2

TO THE HONORABLE ADMINISTRATIVE LAW JUDGE:

Undine Texas, LLC ("Undine") files this Response to Order No. 2. In support thereof, Undine states the following:

I. Background

On March 27, 2017, Undine filed with the Public Utility Commission of Texas ("Commission") an application for sale, transfer, or merger of a retail public utility in Johnson and Tarrant Counties.

On March 30, 2017, the Commission administrative law judge (ALJ) issued Order No. 1, requiring Staff to file its recommendation regarding the administrative completeness of the Application by April 27, 2017.

On April 27, 2017, Commission Staff filed their First Administrative Completeness Recommendation. Staff recommended that Applicants be given until May 18, 2017 to cure the identified deficiencies in the Application and that Staff be given until June 1, 2017 to file a supplemental administrative completeness recommendation.

On May 1, 2017, the Administrative Law Judge issued Order No. 2, finding that Undine's application for sale, transfer or merger of a retail public utility in Johnson and Tarrant Counties

was deficient and incomplete, for the reasons specified in the pleading and memorandum of Sean Scaff in the Commission's Water Utilities Regulation Division.

II. Supplemental Application Information Provided

In response to Commission Staff Order No. 2, Undine hereby files the following information.

Deficiency - Mapping

The Applicants must file the following items to resolve the mapping deficiencies:

- a. A general location map identifying each requested area in reference to the nearest county boundary, city, or town.*

Response:

Attached as Exhibit A are the general location maps identifying each requested area in reference to the nearest county boundary, city or town.

- b. Revised detailed maps identifying each requested area in reference to verifiable man-made and natural landmarks, such as roads, rivers, and railroads.*

Response:

Attached as Exhibit B are the revised detailed maps identifying each requested area in reference to verifiable man-made and natural landmarks, such as roads, rivers, and railroads.

- c. Clarification of the total acreage for all requested areas and number of customer connections to be transferred from Chuck Bell to Undine. This information is required for the notice documents.*

Response:

Attached as Exhibit C is the clarification of the total acreage for all requested areas and number of customer connections to be transferred from Chuck Bell to Undine.

- d. The Applicants must also provide a list of licensed operational staff that will be hired to operate the proposed areas. The list must contain the operator's name, license number and class of license (i.e. A, B, C, D).*

Response:

Attached as Exhibit D is a list of licensed operational staff, including the operator's name, license number and class of license.

Undine also submits with this response the following:

1. Other utilities within 2 miles attached as Exhibit E.
2. System description information attached as Exhibit F.
3. Digital data attached as Exhibit G.

III. Conclusion

Undine respectfully requests, upon confirmation by Commission Staff, that the ALJ issue an order finding the application administratively complete and direct Commission Staff to continue application processing. If for any reason Commission Staff does not view the attachments as sufficient for application acceptance, Undine respectfully requests that it be notified immediately and provided an opportunity to cure any remaining deficiencies that are identified.

Respectfully submitted,

DuBois, Bryant & Campbell, LLP

EXHIBIT C

TOTAL ACREAGE

Chuck Bell #12190

Descriptions

Bear Creek (Tarrant County):

The proposed utility service area is located approximately 14.5 miles southwest of downtown Fort Worth, TX; and is generally bounded on the north by Ben Day Murrin Rd; on the east by Mustang Wells; on the south by 550' south of Bear Creek Dr. East; and on the west by 1200' west of Bear Creek Dr. East. The total area being requested includes approximately 53.7 acres and 20 current customers. (Includes amending/adding 29.2 acres decertifying 14.4 acres.)

Bell Manor Estates (Johnson County):

The proposed utility service area is located approximately 6 miles west of downtown Burleson, TX; and is generally bounded on the north by 350' north of Sparks Ln; on the east by FM 1902; on the south by CR 920; and on the west by 500' east of Valley View Rd. The total area being requested includes approximately 63 acres and 23 customer connections.

Buffalo Creek Estates (Johnson County):

The proposed utility service area is located approximately 4 miles northeast of downtown Cleburne, TX; and is generally bounded on the north by 700' north of Steinway Ln; on the east and south by CR 801A; and on the west by East Buffalo Creek. The total area being requested includes approximately 129.8 acres and 49 customer connections. (Includes amending / adding approximately 5 acres.)

Crowley Two Acres Addition (Johnson County):

The proposed utility service area is located approximately 7.5 miles west of downtown Burleson, TX; and is generally bounded on the north by ½ mile north of CR 920; on the east and south by CR 1015; and on the west by E. Chisholm Ct. The total area being requested includes approximately 162 acres and 81 customer connections.

John Dame Addition (Johnson County):

The proposed utility service area is located approximately 7.5 miles west of downtown Burleson, TX; and is generally bounded on the north by .56 mile north of CR 920; on the east by 940' east of Creekview St.; on the south by CR 920; and on the west by 450' west of Frazier Ln. The total area being requested includes approximately 158 acres and 48 customer connections. (Includes amending/adding approximately 49 acres and decertifying approximately 62 acres.)

Martin Creek Estates (Johnson County):

The proposed utility service area is located approximately 5.7 miles northwest of downtown Cleburne, TX; and is generally bounded on the north by ½ mile north of CR 902; and on the east by .38 mile east of Martin Creek Dr.; on the south by CR 902; and on the west by Martin Creek. The total area being requested includes 67.5 acres and 23 customer connections.

Rock Creek Estates (Johnson County):

The proposed utility service area is located approximately 7.2 miles west of downtown Burleson, TX; and is generally bounded on the north by 260' north of Rock Creek Rd; on the east by Rock Creek; on the south by 640' south of Overview Dr.; and on the west by .35 mi west of Sunrise Dr. The total area being requested includes approximately 101.4 acres and 36 customer connections.

(Includes amending / adding approximately 12.4 acres.)

Sanders View Addition (Johnson County):

The proposed utility service area is located approximately 4 miles northeast of downtown Cleburne, TX; and is generally bounded on the north by 430' north of Sanders Rd.; on the east and south by CR 701; and on the west by Hopewell Rd.

The total area being requested includes approximately 101 acres and 25 customer connections.

(Includes amending / adding approximately 22 acres.)
