LETTER OF PRTEST

On August 10, 2007, my wife and I moved into our newly placed home at 604 Valentine Longview, Texas, 75604. Our water bills stated at \$10.00 to \$12.00 per month.

This rate for water increased in November 2005 by triple the amount. We then started paying \$39.00 to \$45.00 per month.

Every time we lost Electrical Power to our home, we also lost our water to our home,

Because of this loss of electrical power to the water supply station located in Garden Sub Division we also lost water to our homes. This was due to a hurricane in mid-2008. The water supply company received a court order to install an Emergency Generator at the site. Our water rates were increased by three fold to cover the cost of

the generator. This increase in revenue was not used or the greater, but only served to increase then profits of Texas Water Systems, Inc.

I do not feel that this has been fair to the people living in the Garden Sub Division. But only to the greed of Texas Water Systems.

Sincerely submitted,

Robert F. Anderson
