PUBLIC UTILITY COMMISSION
FILING CLERK

To whom it may concern:

On behalf of our client, Petra Firma Development Group, Inc. ("Petra Firma"), we request an extension to the addressing of comments on our Certificate of Convenience and Necessity ("CCN") application (Docket No. 47093).

On April 24, 2017, we filed an application package for a new water CCN to the PUC. Comments on that application were made on May 24, 2017 by PUC Staff. Petra Firma was given until June 23, 2017 to cure deficiencies listed in the comments. Unfortunately, we (Bleyl Engineering) closed our San Angelo office and did not receive the PUC comments until June 27, 2017.

Because of this, we respectfully request an extension of the June 23, 2017 deadline to respond to comments. Although the comments appear to be minimal, we request until July 17, 2017 to provide responses.

The Bryan office of Bleyl Engineering will be handling the PUC correspondence from this date forward. Please change the mailing address in your records for the Engineer of record to:
