PUBLIC UTILITY COMMISSION
OF TEXAS
FILING CLERK

ORDER REMANDING DOCKET TO
STATE OFFICE OF ADMINISTRATIVE HEARINGS

At its open meeting on January 11, 2018, the Commission considered a proposed order based on the settlement agreement that is between the City of El Paso and El Paso Electric Company and was filed on November 30, 2017. The Commission finds that the agreement does not comport with the Commission's energy-efficiency-cost-recovery-factor (EECRF) rule. The rule states that "[the performance] bonus shall be considered in the EECRF proceeding in which the bonus is requested."¹ However, the settlement agreement would defer a final decision regarding the amount of the performance bonus until the next application year.

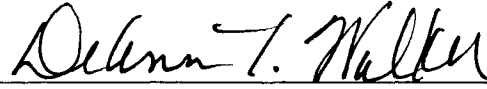

Therefore, the Commission does not approve the proposed order and remands this docket to the State Office of Administrative Hearings.
