**ORDER NO. 2
FINDING APPLICATION DEFICIENT AND ADMINISTRATIVELY INCOMPLETE;
ESTABLISHING DEADLINE FOR OPPORTUNITY TO CURE; AND
SUSPENDING EFFECTIVE DATE**

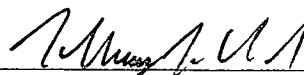

This Order addresses Commission Staff's January 26, 2018 recommendation on administrative completeness of CS Water Corporation's application. Commission Staff recommended the application be found deficient for the reasons specified in the pleading and the memorandum of Emily Sears of the Commission's Water Utility Regulation Division. Commission Staff recommended that CS Water be provided an opportunity to cure the deficiencies and proposed deadlines for continued processing of the application. Commission Staff also recommended the proposed effective date of the rate increase be suspended in accordance with 16 Texas Administrative Code § 24.26(b)(2).

Consistent with Commission Staff's recommendation, the application is deemed administratively incomplete and deficient. Additionally, the proposed effective date of the rate increase is suspended.

On or before February 28, 2018, CS Water shall file the additional information to cure the deficiencies identified by Commission Staff. On or before March 29, 2018, Commission Staff shall file a supplemental recommendation on sufficiency of the application and notice, and propose a procedural schedule, if appropriate.

Signed at Austin, Texas the 5th day of February 2018.
