Re: Request to change

Mesquite Meadows MHP received a notice from the TPUC stating that the park may not change from submetered billing to allocated billing without approval from the commission. *Please note that the prior owners (ARC) had already made this switch prior to Yes Companies purchasing the property in April 2013. I do not know the date they made this change. ARC took the property to RUBS rather than replacing all the broken meters on the homes. Yes Companies has not looked into replacing the home site meters as of yet. We may install submeters at some point but have no plans to do so immediately.*

Please let me know if you need additional information. My direct line is 720-477-7011.

Warm regards,

Hope Kittle
