Competitive Markets Division
DATE: May 30, 2017
RE: Project No. 47202, *Application of Santa Rita Wind Energy, LLC for a Power Generation Companies Registration*

RECOMMENDATION

On May 23, 2017, Santa Rita Wind Energy, LLC (Santa Rita or the Company) filed an application to register as a new power generation company (PGC) pursuant to 16 Tex. Admin. Code (TAC) §25.109. The facility being registered as a PGC is Santa Rita Wind Energy, LLC.

After a review of the Santa Rita registration request, I have concluded that the applicant has satisfactorily completed the registration requirements under 16 TAC §25.109(e) by providing a description of the location of the facility used to generate electricity; a description of the types of services provided by the person that pertain to the generation of electricity; and all information requested on the commission-prescribed form. An oath or affirmation signed by an owner, partner, or officer of the registering party was included with the application pursuant to 16 TAC §25.109(f).

Therefore, I recommend that Santa Rita's registration request be granted and commission records be revised to reflect the registration.
