**ORDER NO. 5
APPLICATION REMAINS DEFICIENT,
ESTABLISHING DEADLINES FOR OPPORTUNITY TO CURE**

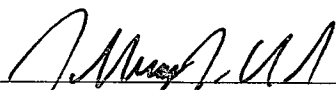

This Order addresses Commission Staff's December 13, 2017 recommendation on administrative completeness of the City of Austin's application. Commission Staff stated that the City of Austin's application remains deficient for the reasons specified in the pleading and the attached memorandum of Debbie Reyes Tamayo of the Commission's Water Utility Regulation Division. Commission Staff recommended that the City of Austin be given an opportunity to cure the identified deficiencies and proposed deadlines for continued processing of the application.

Consistent with Commission Staff's recommendation, the City of Austin's application is deemed deficient. Applications are not considered filed with the Commission until a determination of administrative completeness is made; thus, at this time the City of Austin's application is not considered filed with the Commission.

On or before January 15, 2018, the City of Austin shall amend the application to cure the deficiencies noted by Commission Staff. Processing of the application cannot proceed until the requested items are received and reviewed. If the deficiencies are not cured, dismissal of the application will be considered. On or before February 15, 2018, Commission Staff shall file a supplemental recommendation on the amended application.

Signed at Austin, Texas the 14th day of December 2017.
