PUBLIC UTILITY COMMISSION OF TEXAS

Docket No. 47275

REQUEST NUMBER: QUESTION NO. STAFF 5-8

COMPANY NAME: Commons Water Supply, Inc.

INFORMATION REQUESTED:

STAFF 5-8 Please provide balance sheets and income statements for the years 2015 and 2016 prepared for Signorelli Holdings, LTD. and each of the companies listed in the response to Staff RFI No. 5-7.

REQUESTED BY: Commission Staff

OBJECTION:

See Attachment 5-8. These documents are highly sensitive pursuant to the protective order issued in Docket 47275.

The Commons Water Supply notes that each of these business units and divisions has a completely different business model than The Commons Water Supply's model. The Commons Water Supply has a revenue model based on providing water utility services to over 950 customers and cannot be compared to a homebuilding company that has a revenue model based on home sales to a defined (small) number of lots or a land development revenue model that relies heavily on a handful of builder take downs per year to provide cash flow needed to run operations. The Commons Water Supply has the most customers of any entity which means it requires resources to ensuring its customers' needs and expectations are met and exceeded as opposed to a land development company that sells homes to 3 to 4 builders.

SUPPORTING WITNESS:

Will De La Rosa
