**ORDER NO. 2
DEEMING APPLICATION DEFICIENT;
ESTABLISHING DEADLINES AND OPPORTUNITY TO CURE**

This Order addresses Commission Staff's July 19, 2017, recommendation on administrative completeness of Chateau Woods Municipal Utility District's application. Commission Staff recommended the application be found deficient for the reasons specified in the pleading and in the memorandum of Jonathan Ramirez of the Commission's Water Utility Regulation Division. Commission Staff recommended that Chateau be given an opportunity to cure the identified deficiencies and proposed deadlines for continued processing of the application.

Consistent with Commission Staff's recommendation, Chateau's application is deemed deficient. Applications are not considered filed with the Commission until a determination of administrative completeness is made; thus, at this time Chateau's application is not considered filed with the Commission.

On or before August 21, 2017, Chateau shall amend the application to cure the deficiencies noted by Commission Staff. Processing of the application cannot proceed until the requested items are received and reviewed. On or before September 29, 2017, Commission Staff shall file a supplemental recommendation on the amended application.

Signed at Austin, Texas the 20th day of July 2017.
