PUBLIC UTILITY COMMISSION  
FILING CLERK

**RE: Docket 47454 - Gastonia Scurry SUD/West Cedar Creek MUD Docket #47454**

Attention Filing Clerk;

In this letter I will address the two issues, per your letter dated December 15<sup>th</sup> of 2017, with the above referenced STM form.

1) The revised digital data for the requested area, which accurately removes area already certificated to West Cedar Creek MUD. The data should be provided as a single polygon record, in shapefile (SHP) format, georeferenced in either NAD83 Texas Statewide Mapping System (Meters) or NAD83 Texas State Plane Coordinate System (US Feet).

**I have enclosed a CD containing the revised digital data, it will also be filed electronically.**

2) State the total acreage for the requested area to be transferred to West Cedar Creek MUD. This information is needed for the notice documents. The total acreage must correspond to the revised digital data filed for the requested area.

**The total acreage for the requested area is: 371.85 acres.**

If you have any questions or would like any additional information, please give me a call at 903-675-3903.

Cordially Yours,  
Velvin & Weeks Consulting Engineers, Inc.

Melissa Windham
