**OF TEXAS**

**ORDER**

This Order addresses the request of EMCAD Water and Wastewater, LLC to amend certificate of convenience and necessity (CCN) numbers 20816, 20832, and 21019 to reflect a name change to Undine Texas Environmental, LLC. Commission Staff recommended approval of the request, as supplemented. The request, as supplemented, is approved.

The Commission adopts the following findings of fact and conclusions of law:

**I. Findings of Fact**

**Procedural History**

1. On September 22, 2017, EMCAD filed a request to change the name on CCNs 20816, 20832, and 21019 from EMCAD Water and Wastewater, LLC to Undine Texas Environmental, LLC. The service area for CCN 20816 is in Parker and Tarrant counties. CCN 20832 covers area in Johnson County and CCN 21019 covers area in Johnson and Tarrant counties.
2. Undine Texas, LLC acquired control of EMCAD in Docket No. 45745<sup>1</sup> in which the Commission determined that EMCAD's parent, Undine Texas, LLC, possesses the financial, managerial, and technical capability to provide continuous and adequate service.
3. Undine Texas, LLC changed the name of its subsidiary, EMCAD, to Undine Texas Environmental, LLC with the Texas Secretary of State. The instant proceeding seeks to amend the certificated name to reflect this change for the three sewer CCNs.
4. On September 27, 2017, Order No. 1 was issued requiring comments and recommendations on the administrative completeness of the request.

5. On October 16, 2017, EMCAD filed a supplement to the request which clarified the contact information and corporate structure.
6. On October 17, 2017, Commission Staff recommended that the application, as supplemented, be found administratively complete and proposed a procedural schedule for processing.
7. On October 19, 2017, Order No. 2 was issued finding the application, as supplemented, administratively complete, submitting notice to the *Texas Register*, and establishing a procedural schedule.
8. On November 20, 2017, Commission Staff recommended approval of the application, as supplemented. Recognizing that there is no specific rule applicable to water and sewer CCN name changes, Commission Staff also recommended that the request be reviewed under the Commission's general authority under Texas Water Code §§ 13.041(a) and 13.241<sup>2</sup> and streamlined administrative review similar to that used in 16 Texas Administrative Code (TAC) §§ 26.101(d) and (e), because EMCAD is a wholly-owned subsidiary of Undine Texas, LLC who's financial, managerial, and technical qualifications were reviewed and approved by the Commission in Docket No. 45745.
9. On December 6, 2017, Commission Staff and EMCAD filed a joint request to admit evidence and proposed notice of approval.
10. On December 14, 2017, Commission Staff supplemented the joint proposed notice of approval to revise finding of fact 1 to include Parker County, because CCN number 20816 also covers some service area in Parker County. Commission Staff provided amended certificates.
11. On December 19, 2017, Order No. 3 was issued admitting evidence into the record of this proceeding.
