FROM: Chuck Bell Chuck Bell Water Systems L.L.C.
Re: Order #4 Docket(47664)

This letter is to inform you that CBWS has recently received a notification of Clarification regarding Docket# 47664. As to CBWS's response for :

Question #1

The Table of Contents has been revised to reflect that only one listing for category Service Rules and one listing for the category Extension Policy .

Question #2

Stonefield Water System is listed as inactive because of the merge with Crowley II Acres System. Future CPI or other Rate Change requests will exclude Stonefield as long as it is understood that a rate for Crowley II Acres will encompass the entire system.

Question #3

The gap in Numbering was an error. it was miss labeled as Section 2.20 instead of the correct Section 2.12. Also the Section 2.12 is blank because at this time the utility has no Specific Service Rules under this section.

Question #4

The pagination has been corrected on Page 10 of the application to reflect the proper pages as submitted with this filing . Also a small clerical error.

Thank you for your assistance in this matter and if you need to contact me my # is (817) 980-6394 or at mstrgolfer@sbcglobal.net . e

DOCKET NO. 47664

APPLICATION OF CHUCK BELL	§	PUBLIC UTILITY COMMISSION
WATER SYSTEMS LLC FOR A PRICE	§	
INDEX RATE ADJUSTMENT	§	OF TEXAS

**ORDER NO. 4
REQUESTING CLARIFICATION**

After further review of Chuck Bell Water Systems LLC's application for a price index rate adjustment, additional clarification or correction is required on the following items:

1. The Table of Contents lists the same section number for two service rules and policies and the Extension Policy item is listed twice.
2. If Stonefield Water System is inactive is it necessary to keep it listed in the tariff?
3. The Service Rules and Policies section stops at item 2.11 - Customer Complaints and Disputes and then picks up with Section 2.20 - Specific Utility Service Rules and Policies, which is blank. Explain the gap in these provisions.
4. Adjust the pagination throughout to match the page number in the correct Table of Contents category.

A response including a revised tariff shall be filed by November 28, 2017.

Signed at Austin, Texas the _____ day of November 2017.

PUBLIC UTILITY COMMISSION OF TEXAS

GABRIEL P. SOTO
ADMINISTRATIVE LAW JUDGE

PUC Interoffice Memorandum

To: Josh Barron, Attorney
Legal Division

Thru: Tammy Benter, Director
Lisa Fuentes, Manager
Water Utility Regulation Division

From: Jonathan Ramirez, Financial Analyst
Water Utility Regulation Division

Date: November 8, 2017

Subject: *Docket No. 47664: Application of Chuck Bell Water Systems LLC for a Price Index Rate Adjustment*

On October 3, 2017, Chuck Bell Water Systems LLC (Applicant) requested a price rate adjustment that will affect water rates in Bear Creek Estates, Bell Manor Subdivision, Buffalo Creek, Crowley II Acre Subdivision, John Dame, Martin Creek Estates, Rock Creek Estates, and Sanders View Subdivision.

In Order No. 3, the Commission Administrative Law Judge identified that Stonefield Water System, PWS ID Number 1260118, was listed in the tariff but not included on the notice. Clarification was requested. Staff spoke with the Applicant who stated that TCEQ combined the Stonefield and Crowley II Acres public water systems after a 2011 inspection. I reviewed the TCEQ database and found that Crowley II Acres information page reflects Stonefield as part of their system. Therefore, I recommend that Stonefield be removed from the tariff. In addition, the Applicant filed a request to change the late fee from \$5.00 to 10%. Since the request meets the criteria of a minor tariff change pursuant to 16 Tex. Admin. Code §24.21(b)(2)(A)(ii) and the docket is still open, I recommend that change be made.

DOCKET NO. 47664

APPLICATION OF CHUCK BELL WATER SYSTEMS LLC FOR A PRICE INDEX RATE ADJUSTMENT	§ § § § § § § § § §	PUBLIC UTILITY COMMISSION OF TEXAS
--	--	--

COMMISSION STAFF'S RESPONSE TO REQUEST FOR CLARIFICATION

COMES NOW the Staff of the Public Utility Commission of Texas (Staff), representing the public interest, and files this Commission Staff's Response to Request for Clarification and would show the following:

I. BACKGROUND

On October 3, 2017, Chuck Bell Water Systems LLC (Applicant) filed an application for a price index rate adjustment pursuant to Tex. Water Code § 13.1872 (TWC) and 16 Tex. Admin Code § 24.36 (TAC).

On October 5, 2017, the Commission administrative law judge (ALJ) issued Order No. 1, requiring Commission Staff to file comments on the administrative completeness of the application and proposed notice by or on November 3, 2017.

On November 3, Commission Staff filed its Recommendation on Administrative Completeness and Recommendation on Final Disposition.

On November 6, 2017, the ALJ issued Order No. 2, finding application administratively complete and requiring Applicant to resend notice.

On November 7, 2017, the ALJ issued Order No. 3, requesting clarification. Also on November 7, 2016, Chuck Bell filed supplemental information, requesting that a tariff be approved that includes a 10% late fee, as opposed to the \$5.00 late fee originally requested.

II. REQUEST FOR CLARIFICATION

On October 31, 2017, Commission Staff identified a price rate adjustment affecting water rates in Bear Creek Estate, Bell Manor Subdivision, Buffalo Creek, Crowley II Acre Subdivision, John Dame, Martin Creek Estates, Rock Creek Estates, and Sanders View Subdivision. Staff's recommendation did not mention Stonefield Water System, but the tariff attached to Staff's

recommendation did list Stonefield Water System. Additionally, the current tariff includes Stonefield Water System in Johnson County. In Order No. 2, clarification was requested on whether Stonefield Water System will be affected by the proposed tariff change.

Commission Staff contacted applicant on November 7, 2017, and was informed that Crowley II Acre Subdivision and Stonefield Water System merged into one. As explained in the attached memo of Jonathan Ramirez of the Commission's Water Division (Attachment A), this was confirmed by a TCEQ records search. Stonefield Water System is inactive and its inclusion on the application was done in error. Accordingly, attached is a revised tariff that excludes Stonefield Water System (Attachment B). Additionally, the Applicant subsequently filed a request to change the late fee from \$5.00 to 10%. Because the request meets the criteria of a minor tariff change pursuant to 16 TAC §24.21(b)(2)(A)(ii) and the docket is still open, Staff recommends that the late fee change be approved.

III. CONCLUSION

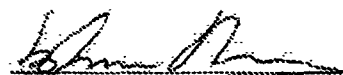

For the reasons stated above, Staff respectfully recommends that the inclusion of Stonefield Water System on the application be disregarded, and the attached tariff be approved.

Respectfully Submitted,

NOTICE OF APPROVED UTILITY PRICE RATE ADJUSTMENT

Utility Name: CHUCK BELL WATER SYSTEMS L.L.C.

CCN Number(s): Water 12190 Sewer N/A

The rates listed on the next page will apply to service received after the effective date listed on the notice below. This rate was requested by the utility and approved by the Public Utility Commission of Texas based on a percentage change in the price index, which is set by the Commission annually. Texas Water Code § 13.1872 allows the utility to receive an annual rate adjustment, without a hearing, based on the changes in the price index.

The following public water system(s), sewer system(s), and/or subdivision(s) will be affected by this rate adjustment:

BELL MANOR, ROCK CREEK, BUFFALO CREEK, SANDERSVIEW, JOHN DAME,
MARTIN CREEK, CROWLEY II ACRES AND BEAR CREEK

Effective Date of Approved Increase: NOVEMBER 1, 2017

(must be at least 30 days from the date the customers receive notice)

The rate adjustment will apply to all service rendered after the effective date and will be reflected on the bill you receive approximately 30 to 45 days after the effective date.

Address: P.O. BOX 731

DOCKET NO. 47664

APPLICATION OF CHUCK BELL WATER SYSTEMS LLC FOR A PRICE INDEX RATE ADJUSTMENT	§ § § § § § §	PUBLIC UTILITY COMMISSION OF TEXAS
--	---------------------------------	--

**COMMISSION STAFF'S RECOMMENDATION ON ADMINISTRATIVE
COMPLETENESS AND RECOMMENDATION ON FINAL DISPOSITION**

COMES NOW the Staff of the Public Utility Commission of Texas (Staff), representing the public interest, and files this Commission Staff's Administrative Completeness and Recommendation on Final Disposition in response to Order No. 1. In support thereof, Staff shows the following:

I. BACKGROUND

On October 3, 2017, Chuck Bell Water Systems LLC (Applicant) filed an application for a price index rate adjustment pursuant to Tex. Water Code § 13.1872 (TWC) and 16 Tex. Admin Code § 24.36 (TAC).

On October 5, 2017, the Commission administrative law judge (ALJ) issued Order No. 1, requiring Commission Staff to file comments on the administrative completeness of the application and proposed notice by or on November 3, 2017. Therefore, this pleading is timely filed.

II. APPLICATION SUFFICIENCY RECOMMENDATION

As detailed in the attached memorandum of Jonathan Ramirez in the Commission's Water Utility Regulation Division, Staff has reviewed the Application and recommends that it be found administratively complete and accepted for filing pursuant to TWC § 13.1872 and 16 TAC § 24.36.

III. NOTICE

The Applicant indicated that notice was provided on or before October 1, 2017. Pursuant to 16 TAC 24.36(e), "Notice of Approved Rates. After the utility receives a written order by the commission approving or modifying the utility's application, including the proposed notice of approved rates, and at least 30 days before the effective date of the proposed change established

in the commission's order, the utility shall send by mail, or by e-mail if the ratepayer has agreed to receive communications electronically, the approved or modified notice to each ratepayer describing the proposed rate adjustment." Therefore, the Applicant must first wait for the Commission to issue an order approving the application before it provides notice. The notice must be at least 30 days before the effective date of the proposed change.

IV. RECOMMENDATION OF FINAL DISPOSITION

Staff conducted a technical review of the Application pursuant to TWC § 13.1872 and 16 TAC § 24.36. Pursuant to TWC § 13.1872 and 16 TAC § 24.36, the Commission may adjust the rates of a Class C utility without the need for a hearing. Based upon the attached memorandum of Jonathan Ramirez of the Commission's Water Utility Regulation Division, Staff recommends approval of the Application for an increase in water rates for Chuck Bell Water Systems LLC. Approval of the Application would result in the approval of the Applicant's proposed rates reflected in the attached memorandum. Staff recommends that the effective date be at least 30 days after Applicant provides notice to its customers that complies with 16 TAC § 24.36(e), and therefore, an effective date of January 1, 2018 is appropriate. Staff has attached compliance tariff pages reflecting the proposed rate adjustment to this pleading.

V. CONCLUSION

For the reasons stated above, Staff recommends that the Application be deemed administratively complete. Staff further recommends the Application be approved, that the Administrative Law Judge (ALJ) direct Chuck Bell to send new notice, and that the ALJ order that Chuck Bell set an effective date of the increase in water rates of January 1, 2018.

Respectfully Submitted,

 (Bell Manor Subdivision customers only) \$2.51/1000 gallons

Water Production Fee for Prairielands Groundwater Conservation District
 (For all subdivisions except Bear Creek Estates in Tarrant County) \$0.24/1,000 gallons

Capital Improvement Surcharge for 72 months, Effective March 5, 2012
\$5.65 per connection

FORM OF PAYMENT: The utility will accept the following forms of payment:

Cash X, Check X, Money Order X, Credit Card _____, Other (specify) _____
 THE UTILITY MAY REQUIRE EXACT CHANGE FOR PAYMENTS AND MAY REFUSE TO ACCEPT
 PAYMENTS MADE USING MORE THAN \$1.00 IN SMALL COINS. A WRITTEN RECEIPT WILL BE GIVEN
 FOR CASH PAYMENTS.

REGULATORY ASSESSMENT 1.0%
 PUC RULES REQUIRE THE UTILITY TO COLLECT A FEE OF ONE PERCENT OF THE RETAIL MONTHLY
 BILL AND TO REMIT TO THE TCEQ.

Section 1.02 - Miscellaneous Fees

TAP FEE \$1,000
 TAP FEE COVERS THE UTILITY'S COSTS FOR MATERIALS AND LABOR TO INSTALL A STANDARD
 RESIDENTIAL 5/8" or 3/4" METER. AN ADDITIONAL FEE TO COVER UNIQUE COSTS IS PERMITTED IF
 LISTED ON THIS TARIFF.

TAP FEE (Unique costs) Actual Cost
 FOR EXAMPLE, A ROAD BORE FOR CUSTOMERS OUTSIDE OF SUBDIVISIONS OR RESIDENTIAL AREAS.

TAP FEE (Large meter) Actual Cost
 TAP FEE IS THE UTILITY'S ACTUAL COST FOR MATERIALS AND LABOR FOR METER SIZE INSTALLED.

Docket No. 47664

Chuck Bell dba Chuck Bell Water Systems, LLC

(Utility Name)

SECTION 1.0 -- RATE SCHEDULE (Continued)

METER RELOCATION FEE..... Actual Relocation Cost, Not to Exceed Tap Fee
 THIS FEE MAY BE CHARGED IF A CUSTOMER REQUESTS THAT AN EXISTING METER BE RELOCATED.

METER TEST FEE..... \$25.00
 THIS FEE WHICH SHOULD REFLECT THE UTILITY'S COST MAY BE CHARGED IF A CUSTOMER REQUESTS A SECOND METER TEST WITHIN A TWO-YEAR PERIOD AND THE TEST INDICATES THAT THE METER IS RECORDING ACCURATELY. THE FEE MAY NOT EXCEED \$25.00.

LATE CHARGE (EITHER \$5.00 OR 10% OF THE BILL) 10%
 PUC RULES ALLOW A ONE-TIME PENALTY TO BE CHARGED ON DELINQUENT BILLS. A LATE CHARGE MAY NOT BE APPLIED TO ANY BALANCE TO WHICH THE PENALTY WAS APPLIED IN A PREVIOUS BILLING.

RETURNED CHECK CHARGE \$30.00
 RETURNED CHECK CHARGES MUST BE BASED ON THE UTILITY'S DOCUMENTABLE COST.

RECONNECTION FEE

THE RECONNECT FEE MUST BE PAID BEFORE SERVICE CAN BE RESTORED TO A CUSTOMER WHO HAS BEEN DISCONNECTED FOR THE FOLLOWING REASONS (OR OTHER REASONS LISTED UNDER SECTION 2.0 OF THIS TARIFF):

- a) Non-payment of bill (Maximum \$25.00)..... \$25.00
- b) Customer's request that service be disconnected \$60.00
- c) After Hours Reconnect Fee..... \$35.00

If after a customer has been notified that an after-hours charge will be assessed and the customer still chooses to have service connected after 5:00 p.m. instead of waiting until the next business day, the utility can charge an after-hours charge in addition to the normal fee; however, the total charge cannot exceed \$60.00. If service is required to be restored within 36 hours pursuant to 16 TAC 24.88(h)(1) the utility cannot charge the additional fee after the expiration of the first 24 hours following the payment of a disconnected delinquent account. If the customer requests to have the service reconnected after normal business hours within the first 24 hours following payment, the additional fee may be charged.

RECONNECT FEE. The Utility shall charge a reconnect fee of \$25.00 for reconnecting service during normal weekday business hours. A surcharge of \$35.00 may be charged when the customer requests service to be reconnected after 5:00pm on business days, weekends and holidays, subject to 16 TAC 24.88(h). The customer must be advised that this additional fee will be charged and given an opportunity to decline the service at the time the "after hours" reconnect request is originally made.

TRANSFER FEE..... \$65.00
 THE TRANSFER FEE WILL BE CHARGED FOR CHANGING AN ACCOUNT NAME AT THE SAME SERVICE LOCATION WHEN THE SERVICE IS NOT DISCONNECTED

CUSTOMER DEPOSIT RESIDENTIAL (Maximum \$50) \$50.00

COMMERCIAL & NON-RESIDENTIAL DEPOSIT..... 1/6TH OF ESTIMATED ANNUAL BILL

Chuck Bell dba Chuck Bell Water Systems, LLC
(Utility Name)

SECTION 1.0 -- RATE SCHEDULE (Continued)

GOVERNMENTAL TESTING, INSPECTION AND COSTS SURCHARGE:

WHEN AUTHORIZED IN WRITING BY TCEQ AND AFTER NOTICE TO CUSTOMERS, THE UTILITY MAY INCREASE RATES TO RECOVER INCREASED COSTS FOR INSPECTION FEES AND WATER TESTING. [16 TAC 24.21(b)(2)(F)]

LINE EXTENSION AND CONSTRUCTION CHARGES:

REFER TO SECTION 3.0--EXTENSION POLICY FOR TERMS, CONDITIONS, AND CHARGES WHEN NEW CONSTRUCTION IS NECESSARY TO PROVIDE SERVICE.

PURCHASED WATER AND/OR DISTRICT FEE PASS THROUGH CLAUSE

Changes in fees imposed by any non-affiliated third party water supplier or underground water district having jurisdiction over the Utility shall be passed through as an adjustment to the water gallonage charge according to the following formula:

$AG = G + B / (1 - L)$, where:

AG= adjusted gallonage charge, rounded to the nearest one cent;

G= approved gallonage charge (per 1,000 gallons);

B=change in purchased water/district gallonage charge (per 1,000 gallons);

L=system average line loss for preceding 12 months not to exceed 0.15

FRANCHISE FEE ASSESSMENT. Franchise fees levied by a municipality may be passed through to those customers inside the city generating the revenues upon which the franchise fee is calculated. Implementation of this pass through clause shall be subject to the notice and approval process of the city having original jurisdiction over these fees. Franchise fees may not be passed through or allocated to utility customers outside the municipality.

EASEMENTS. Pursuant to 16 TAC. 24.85(d), easements from customers may be required as a precondition of service when:

- (1) Where recorded public utility easements on the service applicant's property do not exist or public road right-of-way easements are not available to access the property of a service applicant, the public utility may require the service applicant or land owner to grant a permanent recorded public easement dedicated to the public utility to construct, install, maintain, inspect and test water and/or sewer facilities necessary to serve the applicant.
- (2) As a condition of service to a new subdivision, public utilities may require developers to provide permanent recorded public utility easements to and throughout the subdivision sufficient to construct, install, maintain, inspect, and test water and/or sewer facilities necessary to serve the subdivision's anticipated service demands upon full occupancy.

Docket No. 47664

NOTICE OF APPROVED UTILITY PRICE INDEX CHANGEUtility Name: **Chuck Bell Water Systems LLC**CCN Numbers: **Water 12190 Sewer**

The rates listed on the next page will apply to service received after the effective date listed on the notice below. This rate was requested by the utility and approved by the Public Utility Commission based on a change in the price index. The price index is set by the Commission annually. State law allows the utility to receive an annual rate adjustment, without a hearing, based on the changes in the price index.

The following public water systems, sewer systems, and/or subdivisions will be affected by this rate adjustment:

Bell Manor, Rock Creek, Buffalo Creek, Sandersview, John Dame,

Martin Creek, Crowley II Acres and Bear Creek

Effective Date of Approved Increase: 1/1/2018

Must be at least 30 days from the date the customers receive notice

The rate adjustment will apply to all service rendered after the effective date and will be reflected on the bill you receive approximately 30 to 45 days after the effective date.

Address: **P.O. Box 731**

City: **Crowley**

State/Zip **Texas 76036**

Telephone: **817-980-6394**

Percent of Rate Adjustment: 1.57%¹

Date of notice delivered :

Date meters are read: **First of the month**

SECTION 2.0 -- SERVICE RULES AND POLICIES

Section 2.01 – Public Utility Commission of Texas Rules

The utility will have the most current Public Utility Commission of Texas (PUC or Commission) Rules, Chapter 24, available at its office for reference purposes. The Rules and this tariff shall be available for public inspection and reproduction at a reasonable cost. The latest Rules or commission approved changes to the Rules supersede any rules or requirements in this tariff.

Section 2.02 - Application for and Provision of Water Service

All applications for service will be made on the utility's standard application or contract form (attached in the Appendix to this tariff), will be signed by the applicant before water service is provided by the utility. A separate application or contract will be made for each service location.

After the applicant has met all the requirements, conditions and regulations for service, the utility will install tap, meter and utility cut-off valve and/or take all necessary actions to initiate service. The utility will serve each qualified applicant for service within 5 working days unless line extensions or new facilities are required. If construction is required to fill the order and if it cannot be completed within 30 days, the utility will provide the applicant with a written explanation of the construction required and an expected date of service.

Where service has previously been provided, service will be reconnected within one working day after the applicant has met the requirements for reconnection.

The customer will be responsible for furnishing and laying the necessary customer service pipe from the meter location to the place of consumption. Customers may be required to install a customer owned cut-off valve on the customer's side of the meter or connection.

Section 2.03 - Refusal of Service

The utility may decline to serve an applicant until the applicant has complied with the regulations of the regulatory agencies (state and municipal regulations) and for the reasons outlined in the PUC Rules. In the event that the utility refuses to serve an applicant, the utility will inform the applicant in writing of the basis of its refusal. The utility is also required to inform the applicant that a complaint may be filed with the Commission.

Section 2.04 – Customer Deposits

If a residential applicant cannot establish credit to the satisfaction of the utility, the applicant may be required to pay a deposit as provided for in Section 1.02 - Miscellaneous Fees of this tariff. The utility will keep records of the deposit and credit interest in accordance with PUC Rules.

Residential applicants 65 years of age or older may not be required to pay deposits unless the applicant has an outstanding account balance with the utility or another water or sewer utility which accrued within the last two years.

Docket Number: 47664

Chuck Bell dba Chuck Bell Water Systems, LLC
(Utility Name)

SECTION 2.0 -- SERVICE RULES AND POLICIES (Continued)

Nonresidential applicants who cannot establish credit to the satisfaction of the utility may be required to make a deposit that does not exceed an amount equivalent to one-sixth of the estimated annual billings.

Refund of deposit. - If service is not connected, or after disconnection of service, the utility will promptly refund the customer's deposit plus accrued interest or the balance, if any, in excess of the unpaid bills for service furnished. The utility may refund the deposit at any time prior to termination of utility service but must refund the deposit plus interest for any residential customer who has paid 18 consecutive billings without being delinquent.

Section 2.05 - Meter Requirements, Readings, and Testing

All water sold by the utility will be billed based on meter measurements. The utility will provide, install, own and maintain meters to measure amounts of water consumed by its customers. One meter is required for each residential, commercial, or industrial connection.

Service meters will be read at monthly intervals and as nearly as possible on the corresponding day of each monthly meter reading period unless otherwise authorized by the Commission.

Meter tests. - The utility will, upon the request of a customer, and, if the customer so desires, in his or her presence or in that of his or her authorized representative, make without charge a test of the accuracy of the customer's meter. If the customer asks to observe the test, the test will be made during the utility's normal working hours at a time convenient to the customer. Whenever possible, the test will be made on the customer's premises, but may, at the utility's discretion, be made at the utility's testing facility. If within a period of two years the customer requests a new test, the utility will make the test, but if the meter is found to be within the accuracy standards established by the American Water Works Association, the utility will charge the customer a fee which reflects the cost to test the meter up to a maximum \$25 for a residential customer. Following the completion of any requested test, the utility will promptly advise the customer of the date of removal of the meter, the date of the test, the result of the test, and who made the test.

Section 2.06 - Billing

Bills from the utility will be mailed monthly unless otherwise authorized by the Commission. The due date of bills for utility service will be at least sixteen (16) days from the date of issuance. The postmark on the bill or, if there is no postmark on the bill, the recorded date of mailing by the utility will constitute proof of the date of issuance. Payment for utility service is delinquent if full payment, including late fees and the regulatory assessment, is not received at the utility or the utility's authorized payment agency by 5:00 p.m. on the due date. If the due date falls on a holiday or weekend, the due date for payment purposes will be the next workday after the due date.

A late penalty of either \$5.00 or 10.0% will be charged on bills received after the due date. The penalty on delinquent bills will not be applied to any balance to which the penalty was applied in a previous billing. The utility must maintain a record of the date of mailing to charge the late penalty.

Docket Number: 47664

Chuck Bell dba Chuck Bell Water Systems, LLC
(Utility Name)

SECTION 2.0 – SERVICE RULES AND POLICIES (Continued)

Each bill will provide all information required by the PUC Rules. For each of the systems it operates, the utility will maintain and note on the monthly bill a local or toll-free telephone number (or numbers) to which customers can direct questions about their utility service.

In the event of a dispute between a customer and a utility regarding any bill for utility service, the utility will conduct an investigation and report the results to the customer. If the dispute is not resolved, the utility will inform the customer that a complaint may be filed with the commission.

Section 2.07 - Service Disconnection

Utility service may be disconnected if the bill has not been paid in full by the date listed on the termination notice. The termination date must be at least 10 days after the notice is mailed or hand delivered.

The utility is encouraged to offer a deferred payment plan to a customer who cannot pay an outstanding bill in full and is willing to pay the balance in reasonable installments. However, a customer's utility service may be disconnected if a bill has not been paid or a deferred payment agreement entered into within 26 days from the date of issuance of a bill and if proper notice of termination has been given.

Notice of termination must be a separate mailing or hand delivery in accordance with the PUC Rules.

Utility service may also be disconnected without notice for reasons as described in the PUC Rules.

Utility personnel must be available to collect payments and to reconnect service on the day of and the day after any disconnection of service unless service was disconnected at the customer's request or due to a hazardous condition.

Section 2.08 - Reconnection of Service

Service will be reconnected within 24 hours after the past due bill and any other outstanding charges are paid or correction of the conditions which caused service to be disconnected.

Section 2.09 - Service Interruptions

The utility will make all reasonable efforts to prevent interruptions of service. If interruptions occur, the utility will re-establish service within the shortest possible time. Except for momentary interruptions due to automatic equipment operations, the utility will keep a complete record of all interruptions, both emergency and scheduled and will notify the commission in writing of any service interruptions affecting the entire system or any major division of the system lasting more than four hours. The notice will explain the cause of the interruptions.

Docket Number: 47664

Chuck Bell dba Chuck Bell Water Systems, LLC
(Utility Name)

SECTION 2.0 – SERVICE RULES AND POLICIES (Continued)

Prorated Bills - If service is interrupted or seriously impaired for 24 consecutive hours or more, the utility will prorate the monthly base bill in proportion to the time service was not available to reflect this loss of service.

Section 2.10 - Quality of Service

The utility will plan, furnish, and maintain production, treatment, storage, transmission, and distribution facilities of sufficient size and capacity to provide a continuous and adequate supply of water for all reasonable consumer uses. Unless otherwise authorized by the TCEQ, the utility will maintain facilities as described in the TCEQ Rules and Regulations for Public Water Systems.

Section 2.11 - Customer Complaints and Disputes

If a customer or applicant for service lodges a complaint, the utility will promptly make a suitable investigation and advise the complainant of the results. Service will not be disconnected pending completion of the investigation. If the complainant is dissatisfied with the utility's response, the utility must advise the complainant that he has recourse through the PUC complaint process. Pending resolution of a complaint, the Commission may require continuation or restoration of service.

The utility will maintain a record of all complaints which shows the name and address of the complainant, the date and nature of the complaint and the adjustment or disposition thereof, for a period of two years after the final settlement of the complaint.

SECTION 2.12-- SPECIFIC UTILITY SERVICE RULES AND POLICIES

This section contains specific utility service rules in addition to the rules previously listed under Section 2.0. It must be reviewed and approved by the Commission and in compliance with PUC rules to be effective.

Docket Number: 47664

Chuck Bell dba Chuck Bell Water Systems, LLC
(Utility Name)

SECTION 3.0--EXTENSION POLICY

Section 3.01 - Standard Extension Requirements

LINE EXTENSION AND CONSTRUCTION CHARGES: No contribution in aid of construction may be required of any customer except as provided for in this approved extension policy.

The customer will be given an itemized statement of the costs, options such as rebates to the customer, sharing of construction costs between the utility and the customer, or sharing of costs between the customer and other applicants prior to beginning construction.

The utility will bear the full cost of any over-sizing of water mains necessary to serve other customers in the immediate area. The individual residential customer shall not be charged for any additional production, storage, or treatment facilities. Contributions in aid of construction may not be required of individual residential customers for production, storage, treatment or transmission facilities unless otherwise approved by the Commission under this specific extension policy.

COSTS THE UTILITIES SHALL BEAR: Within its certified area, the utility will pay the cost of the first 200 feet of any water main or distribution line necessary to extend service to an individual residential customer within a platted subdivision. However, if the residential customer requesting service purchased the property after the developer was notified in writing of the need to provide facilities to the utility, the utility may charge for the first 200 feet. The utility must also be able to document that the developer of the subdivision refused to provide facilities compatible with the utility's facilities in accordance with the utility's approved extension policy after receiving a written request from the utility.

Developers may be required to provide contributions in aid of construction in amounts to furnish the system with all facilities necessary to comply with TCEQ's Rules and Regulations for Public Water Systems.

Chuck Bell dba Chuck Bell Water Systems, LLC
(Utility Name)

SECTION 3.02—SPECIFIC UTILITY EXTENSION POLICY

This section contains the utility's specific extension policy which complies with the requirements already stated under Section 3.01. It must be reviewed and approved by the Commission and in compliance with PUC rules to be effective.

Residential customers not covered under Section 3.01 will be charged the equivalent of the costs of extending service to their property from the nearest transmission or distribution line even if that line does not have adequate capacity to serve the customer. However, if the customer places unique, non-standard service demands upon the system, the customer may be charged the additional cost of extending service to and throughout their property, including the cost of all necessary transmission and storage facilities necessary to meet the service demands anticipated to be created by that property.

Developers may be required to provide contributions in aid of construction in amounts sufficient to furnish the development with all facilities necessary to provide for reasonable local demand requirements and to comply with TCEQ minimum design criteria for facilities used in the production, transmission, pumping, or treatment of water or TCEQ minimum requirements. For purposes of this subsection, a developer is one who subdivides or requests more than two meters on a piece of property. Commercial, industrial, and wholesale customers will be treated as developers.
